ARTIST NAME

Get ready to colour 50 space wonders!

TOP COLOURING TIPS!

1. Put a Blank Sheet Behind Your Page
   When using juicy markers, place a scrap sheet behind your drawing to keep the next page perfectly clean!

2. Start Light, Then Go Dark
   Colour lighter shades first, then layer darker tones on top for amazing depth and pop.

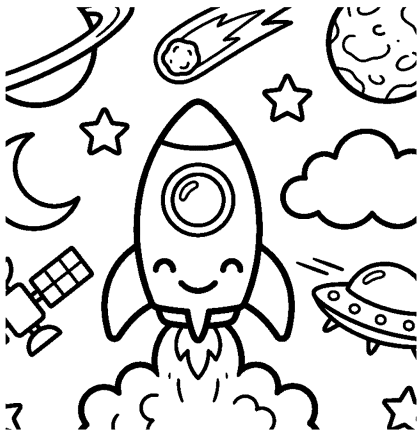

3. Mix Your Art Tools
   Try combining crayons, coloured pencils, and markers together on the same space wonder for fun textures.

4. There Are No Mistakes In Space!
   Make your planets any colour you want – purple rocket ships and rainbow moons are awesome!

MY COLOUR TEST PALETTE

Test your pencils, markers, and crayons here before colouring your space wonders!

Colour 1 Colour 2 Colour 3 Colour 4 Colour 5

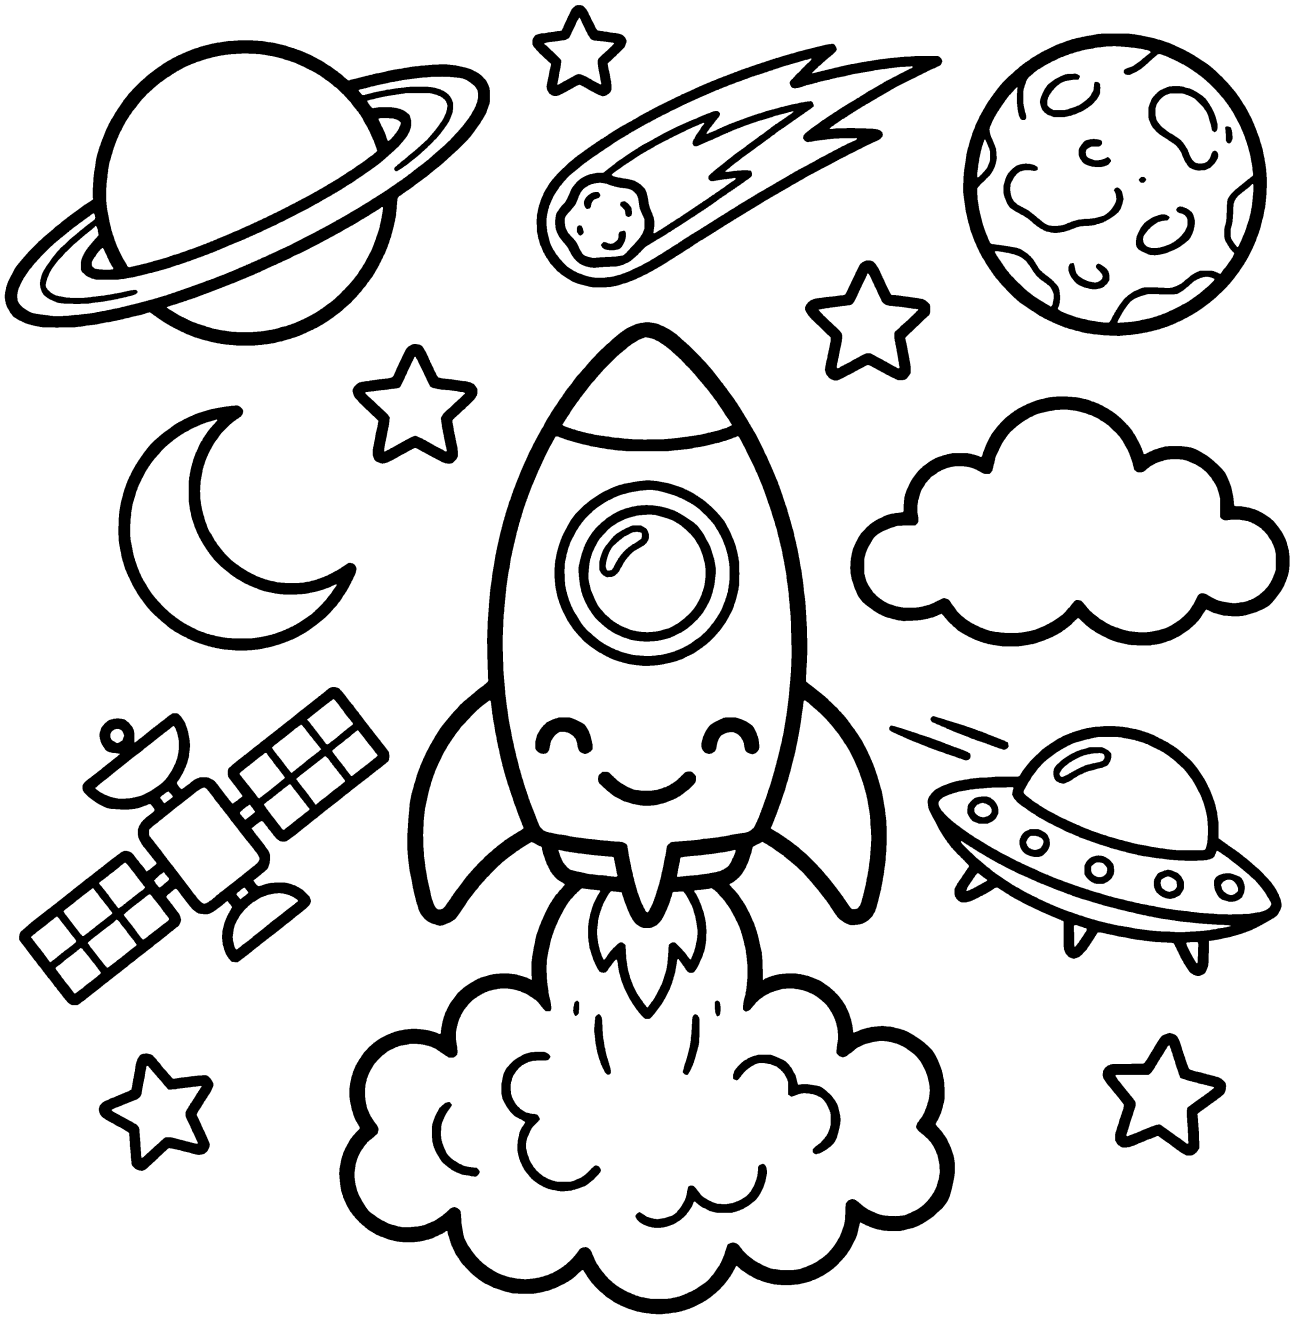

MY EXPLORER PLEDGE:

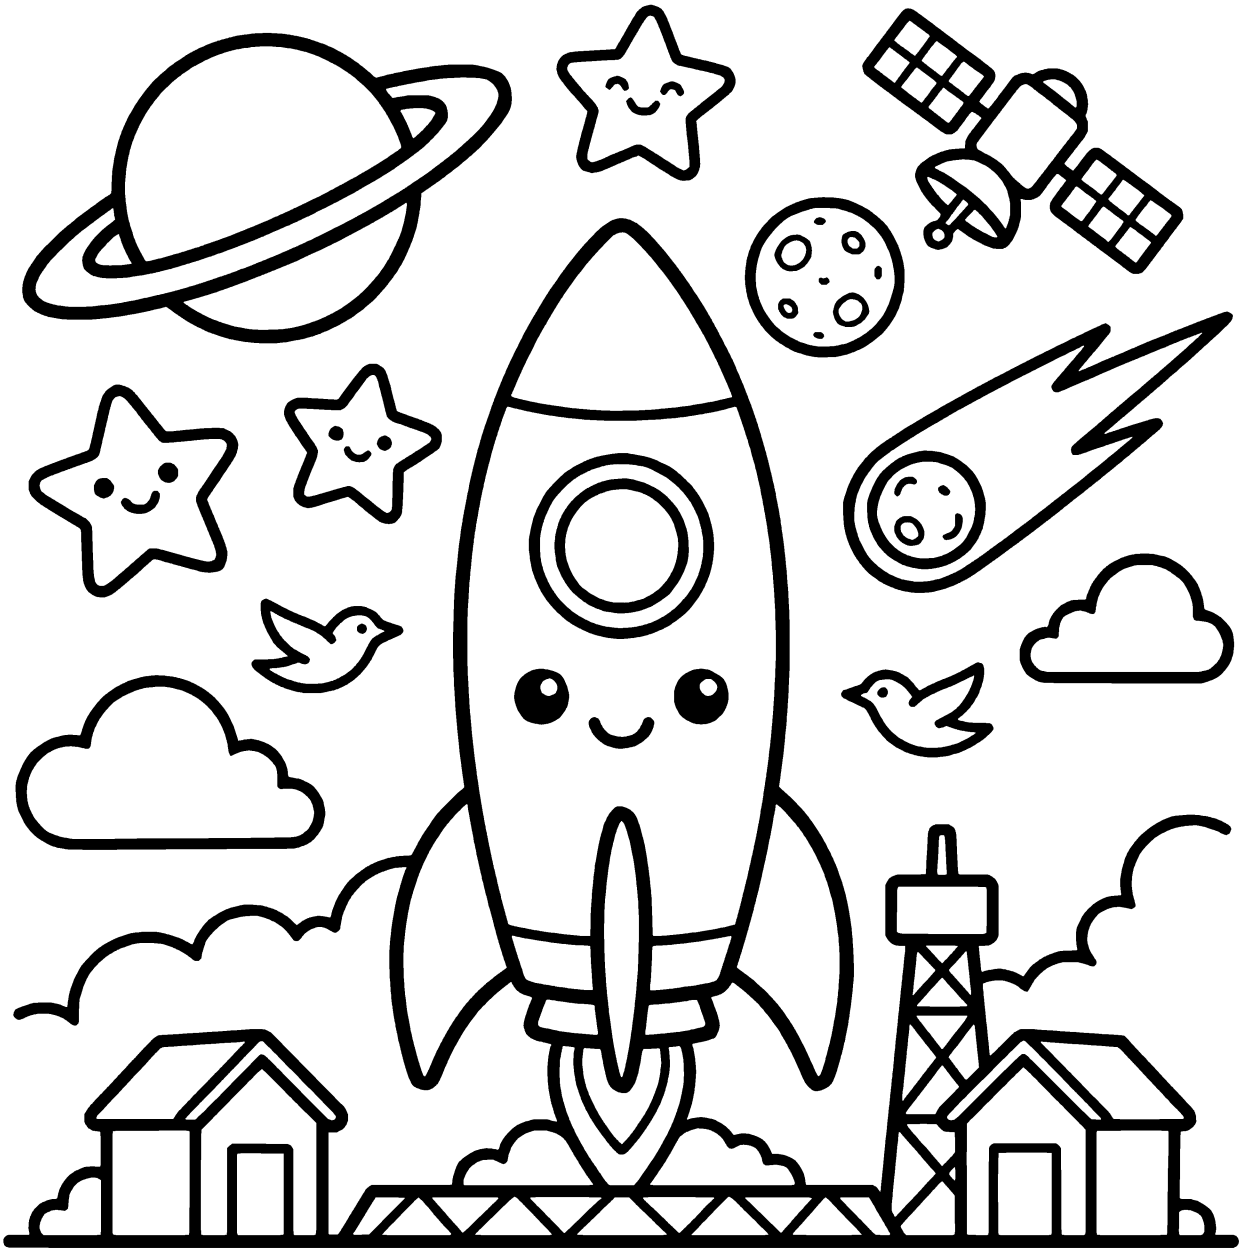

"I promise to have fun,
make this book my own,
and be proud of every
drawing I colour!"

_____

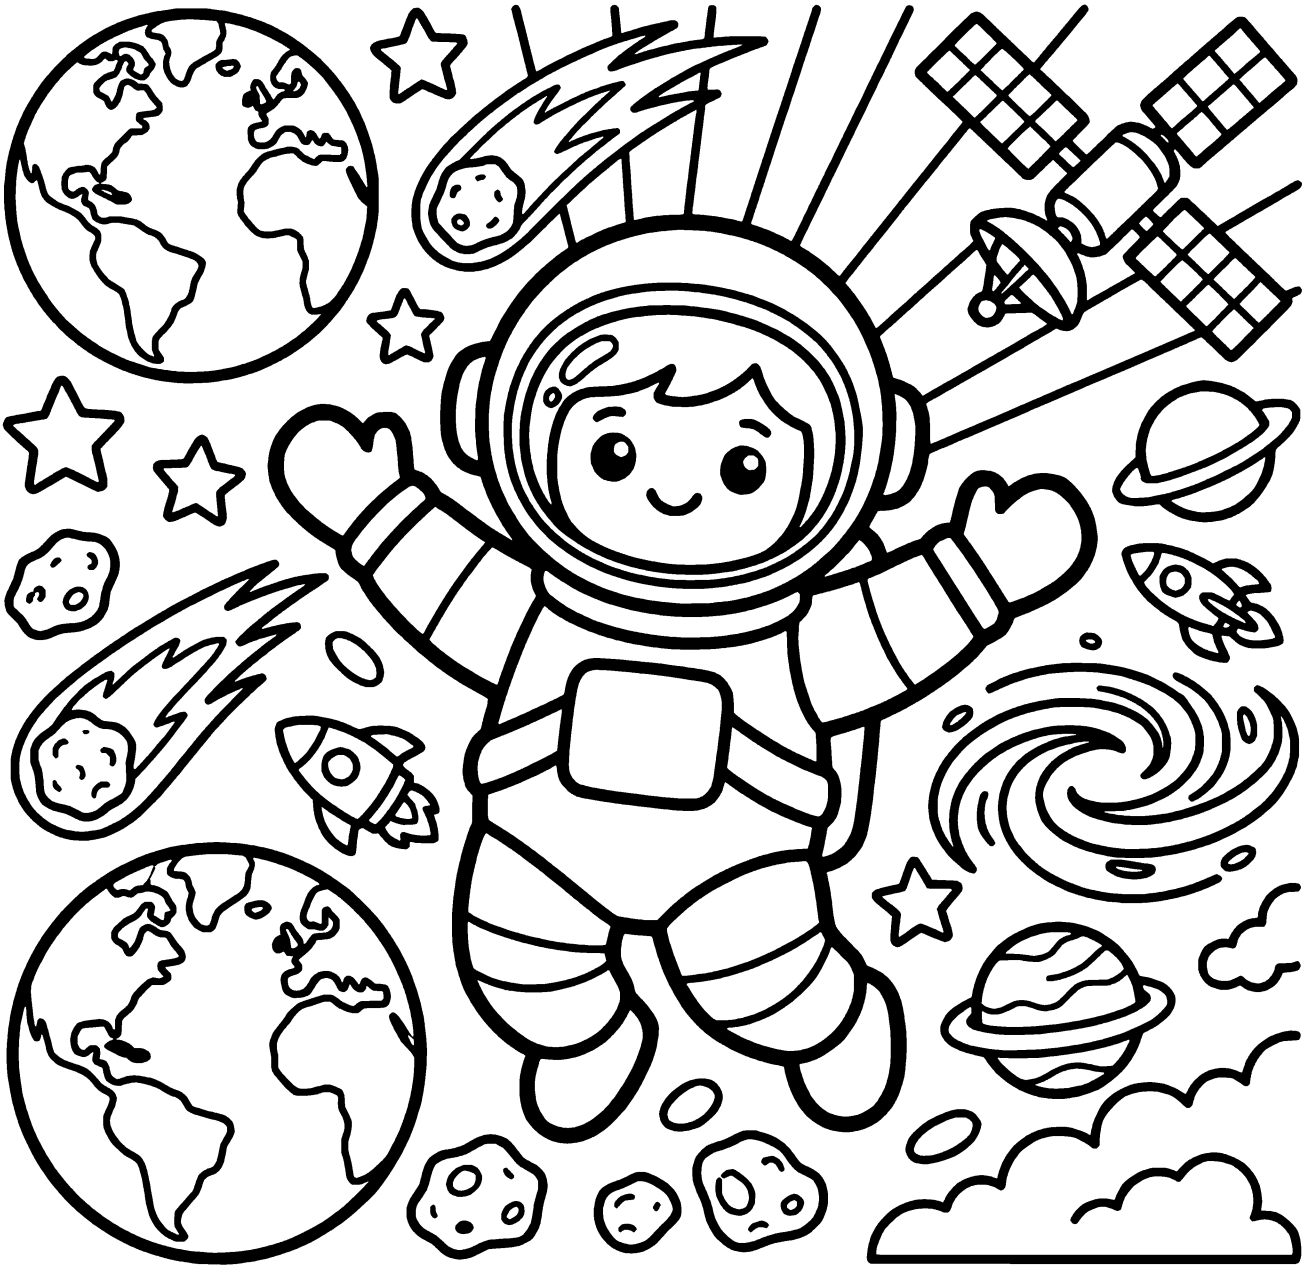

ARTIST SIGNATURE

Rockets fly faster than 28,000 km/h to reach orbit!

The tallest rockets are bigger than a 10-storey building!

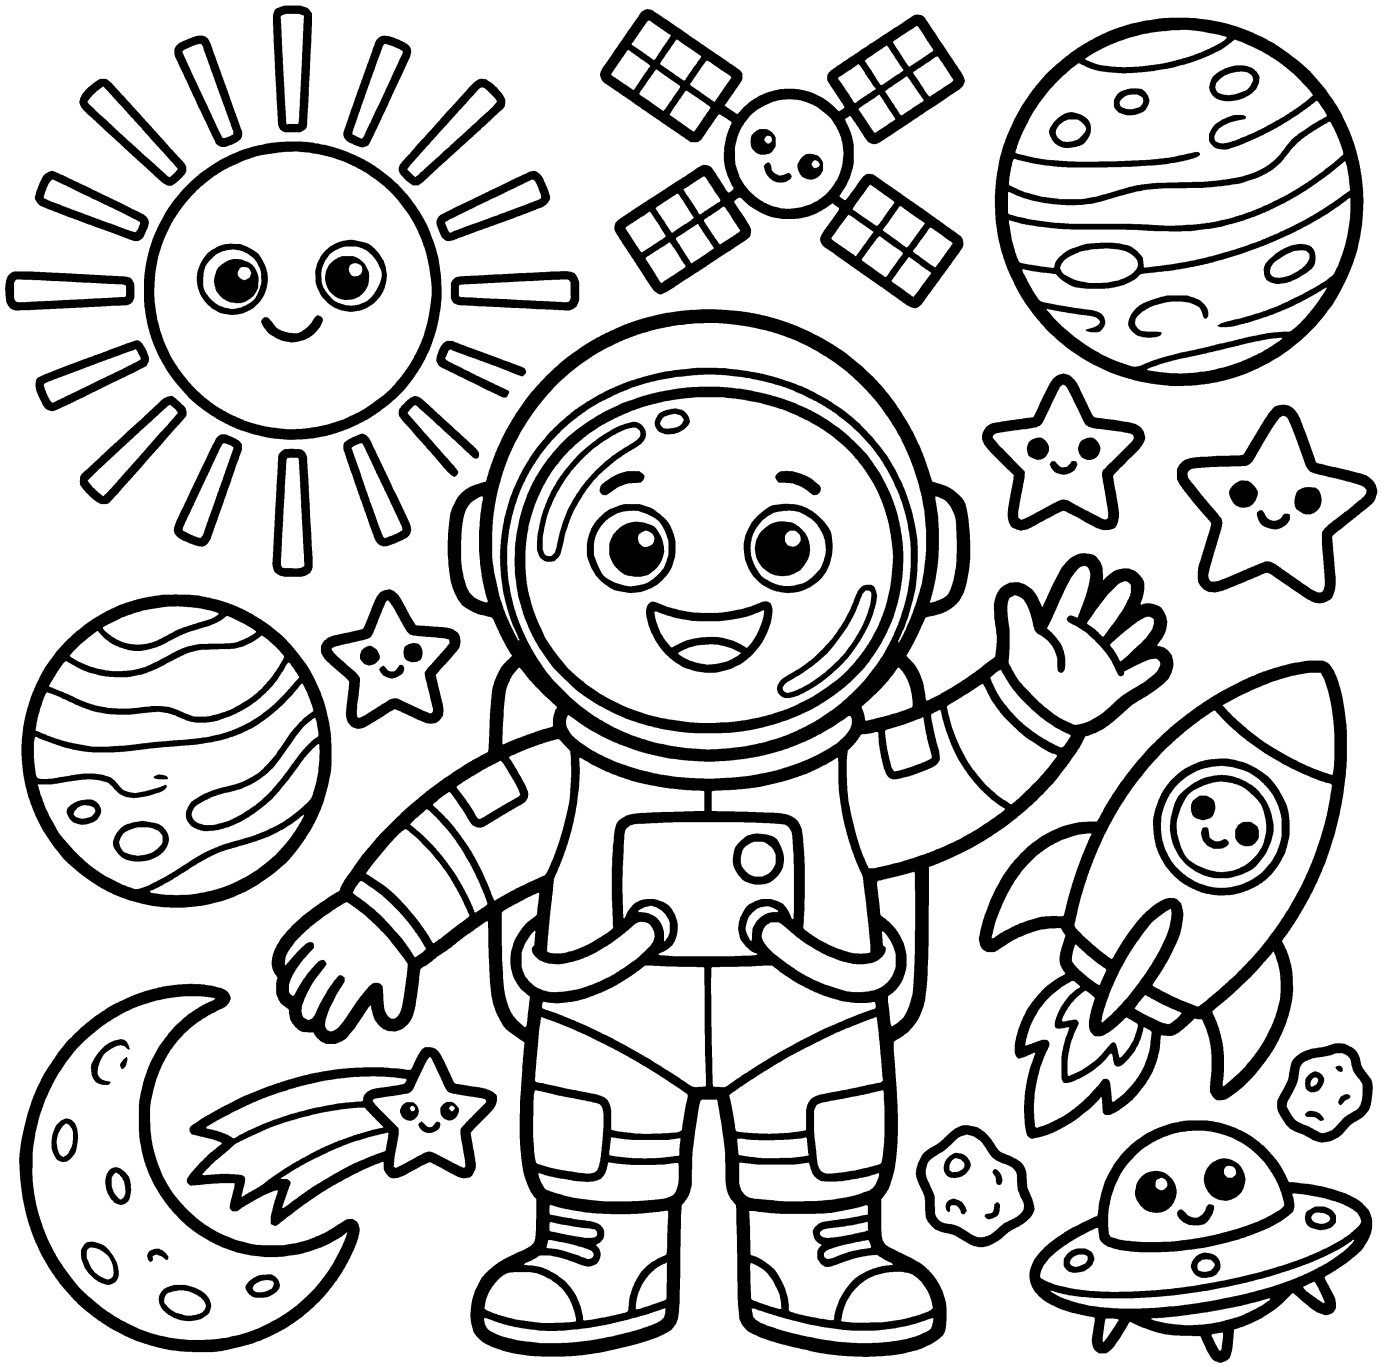

Astronauts float because they are always falling around Earth!

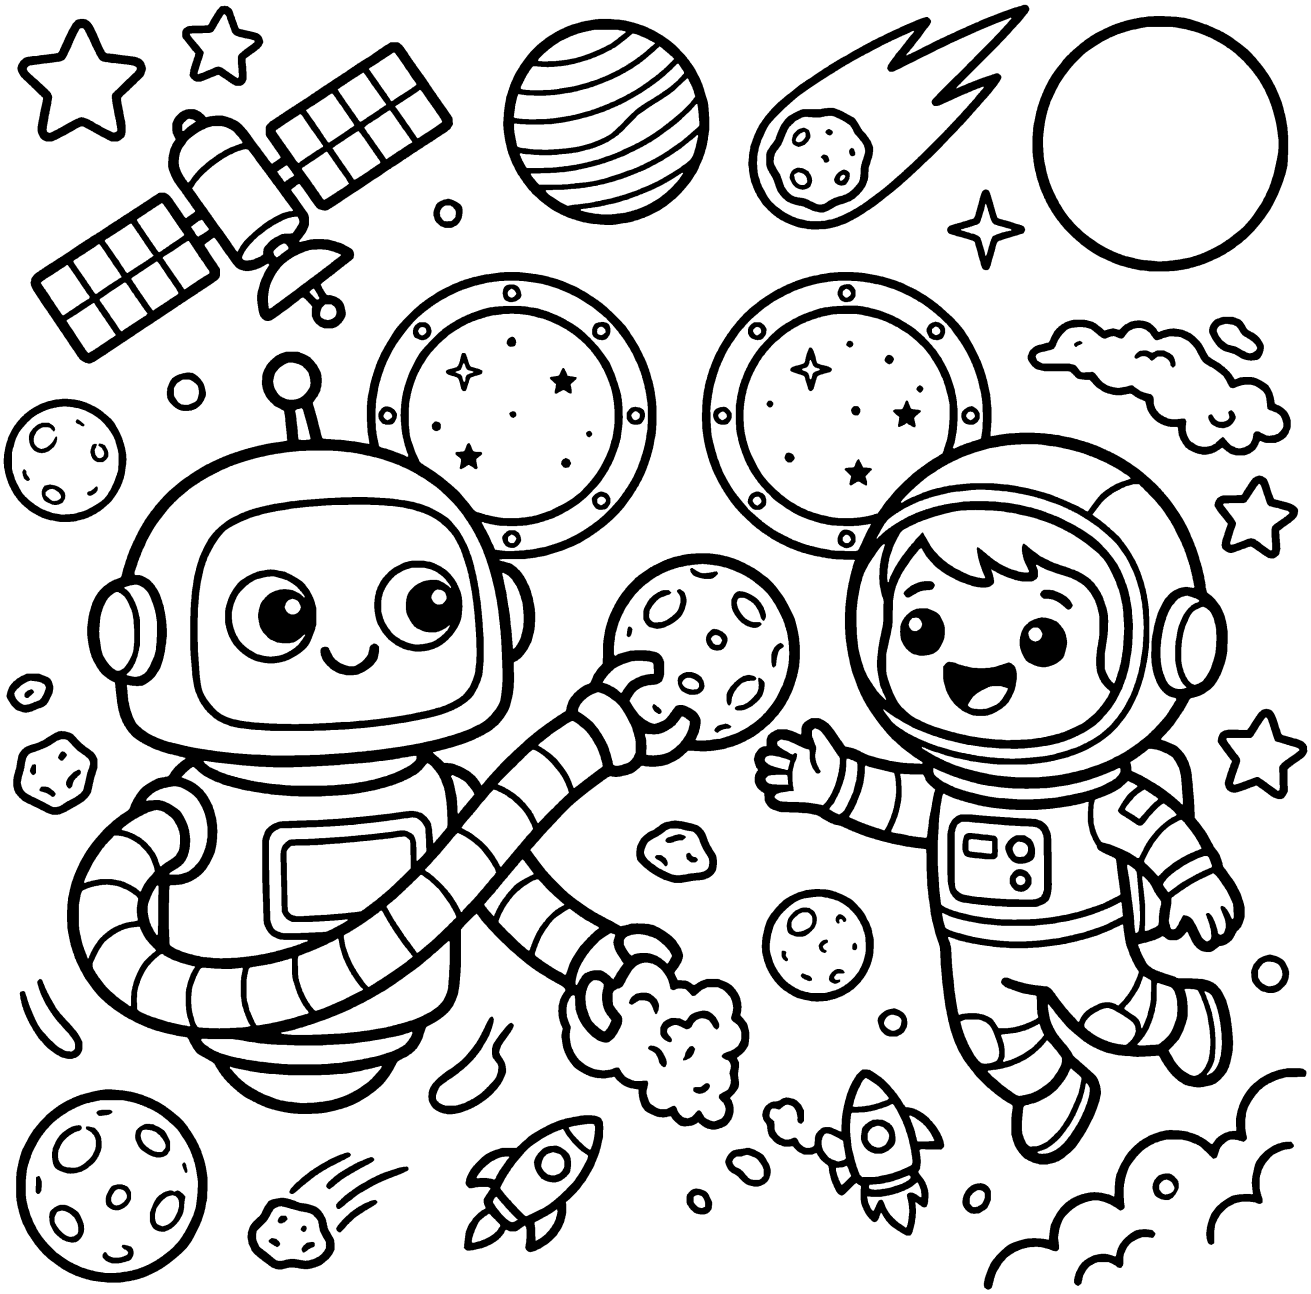

Astronauts exercise about two hours every single day!

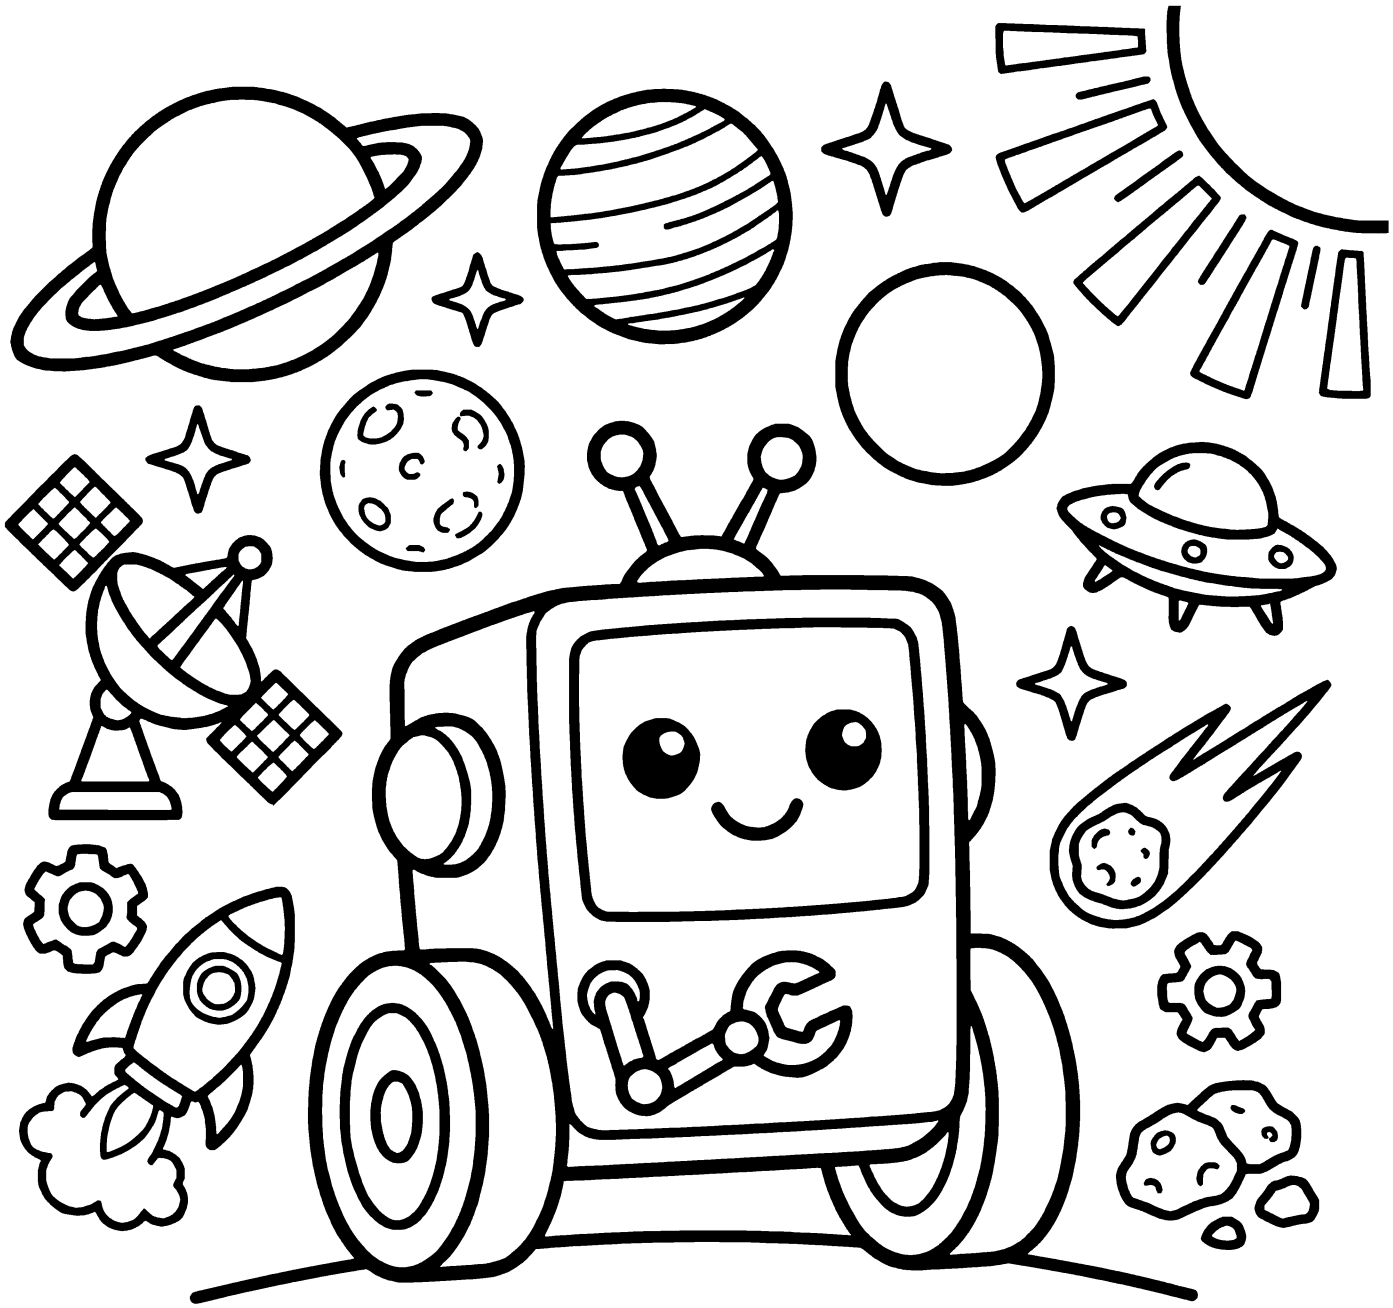

Space food comes in special pouches with straws!

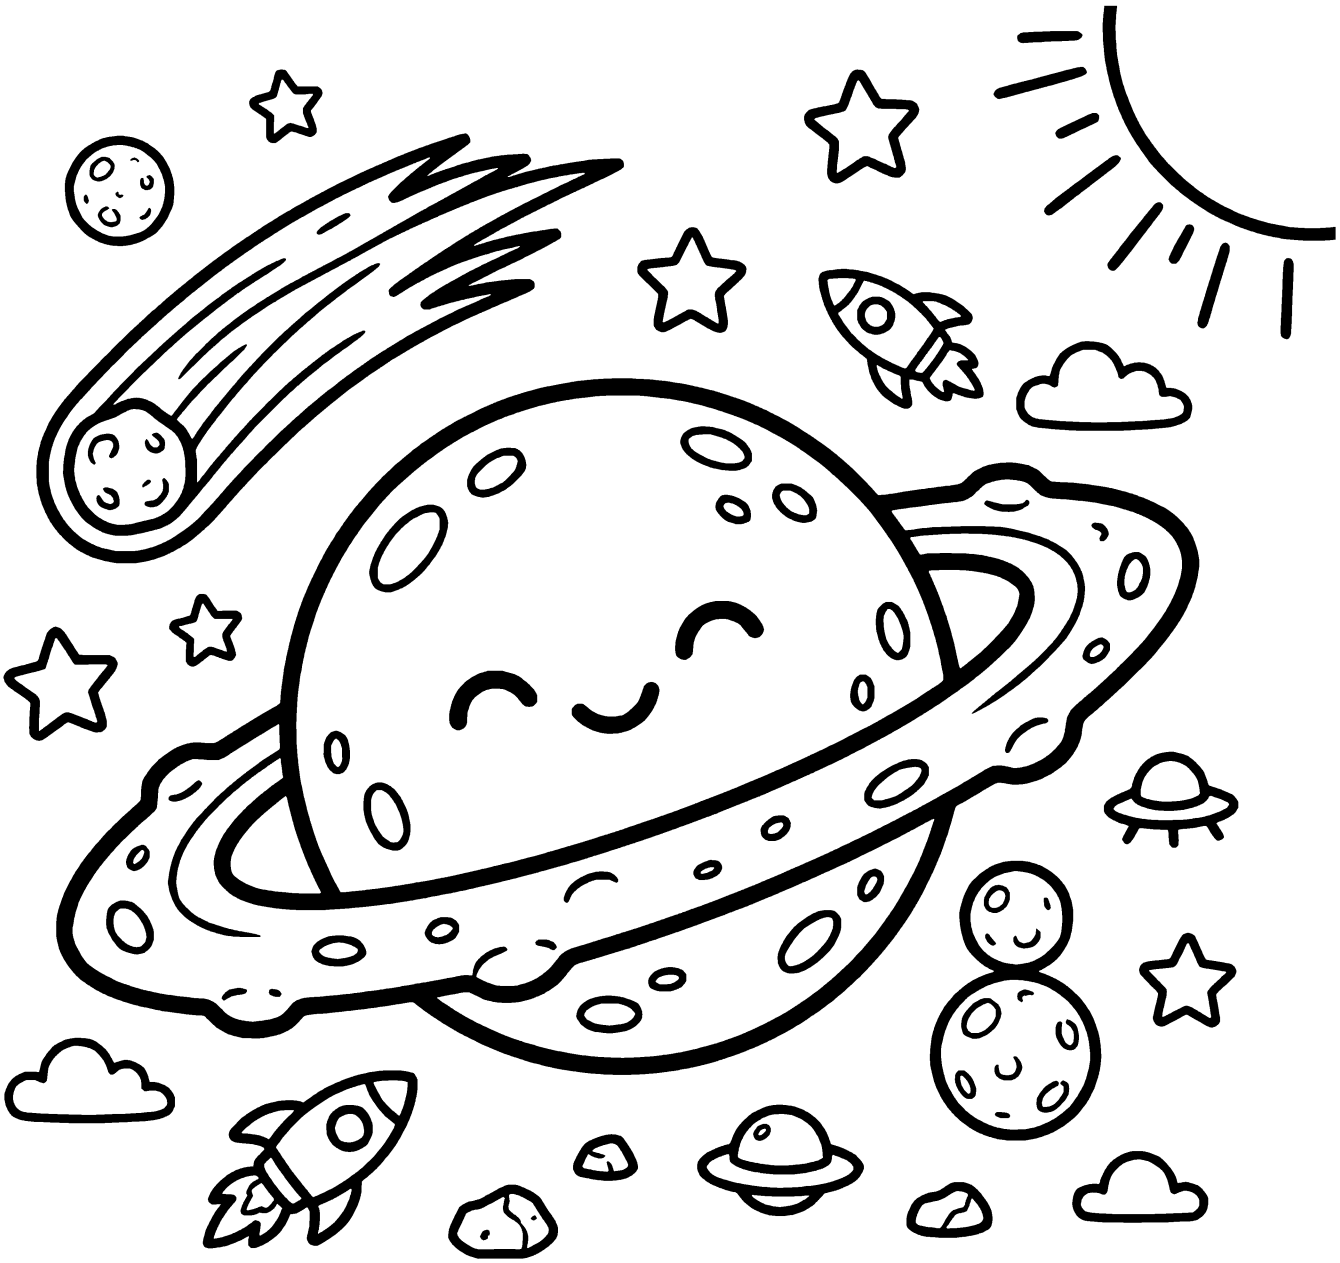

Spacesuit visors shine gold to block the Sun's glare!

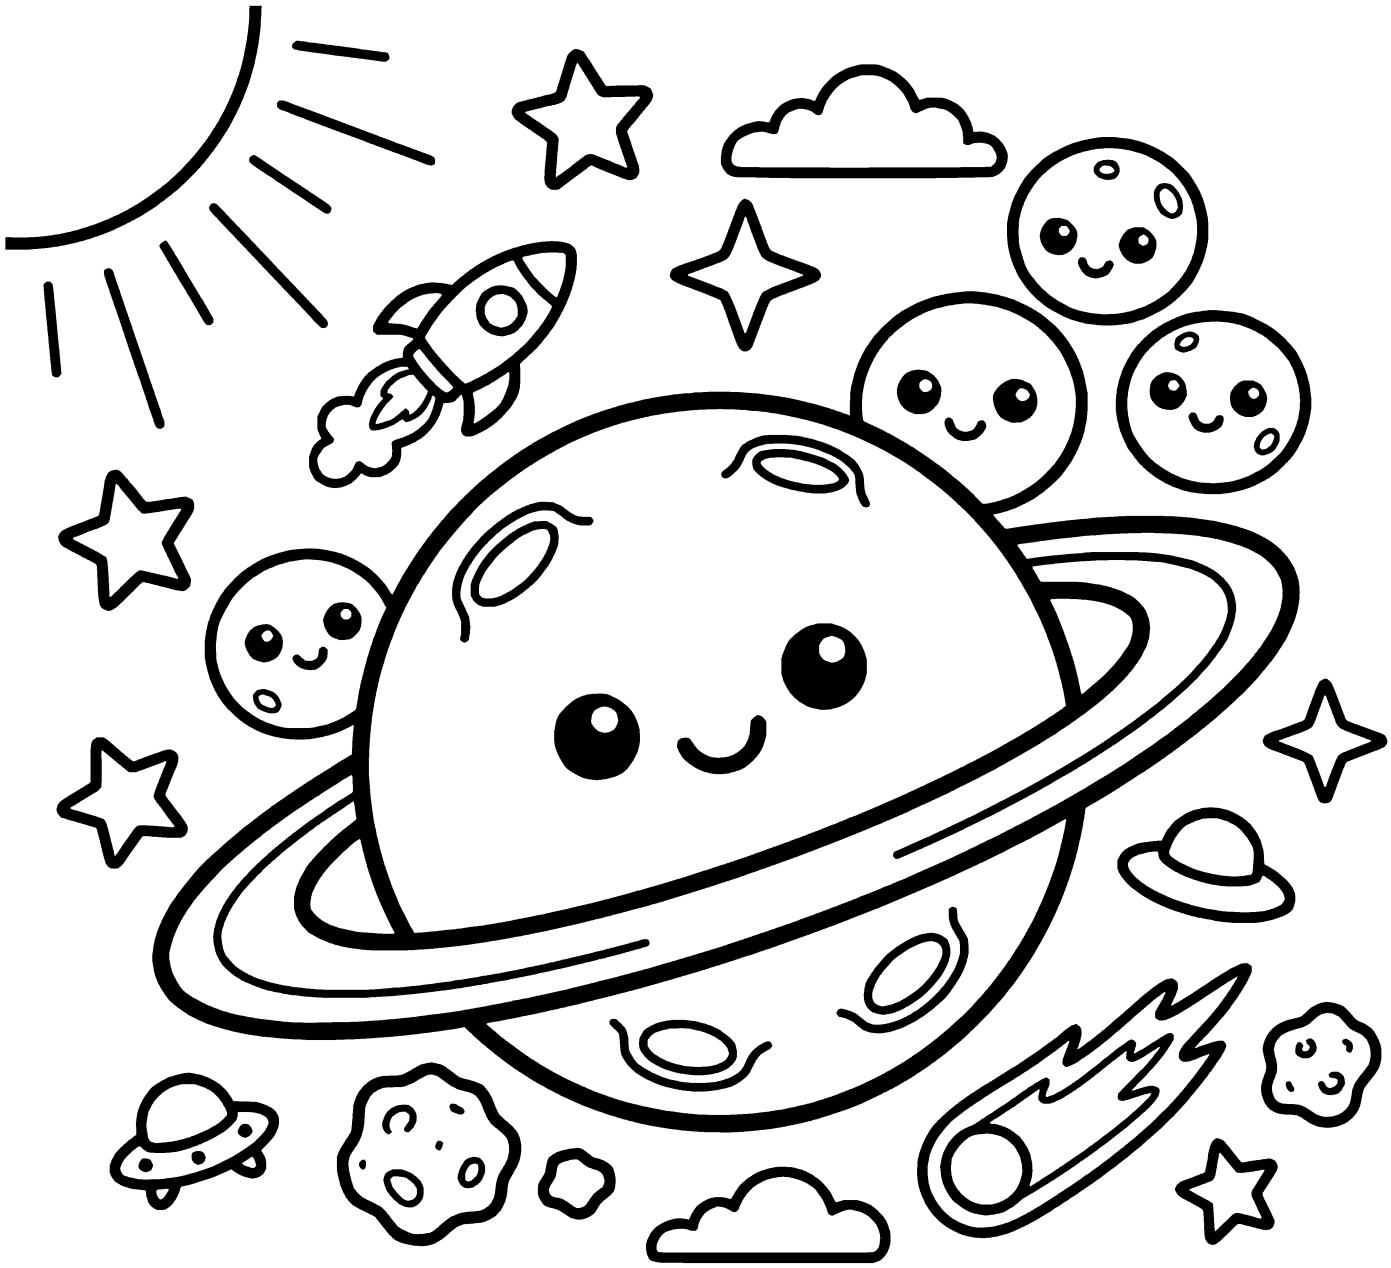

The station's giant robot arm walks like a caterpillar!

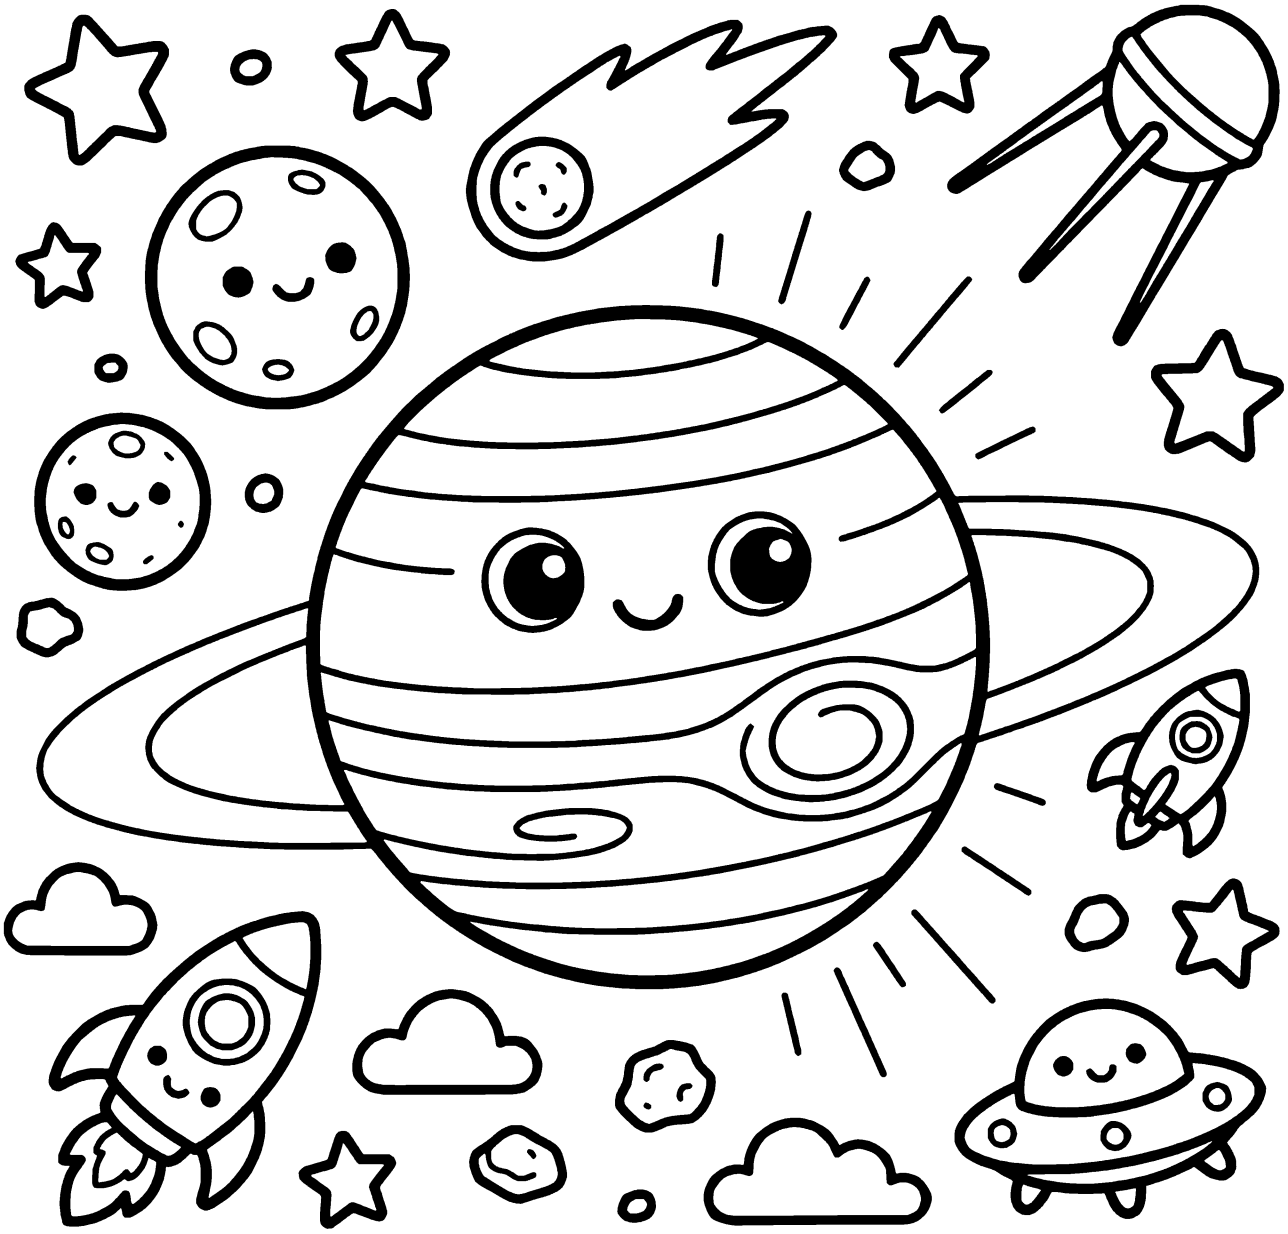

Space robots work all day, all night — they never sleep!

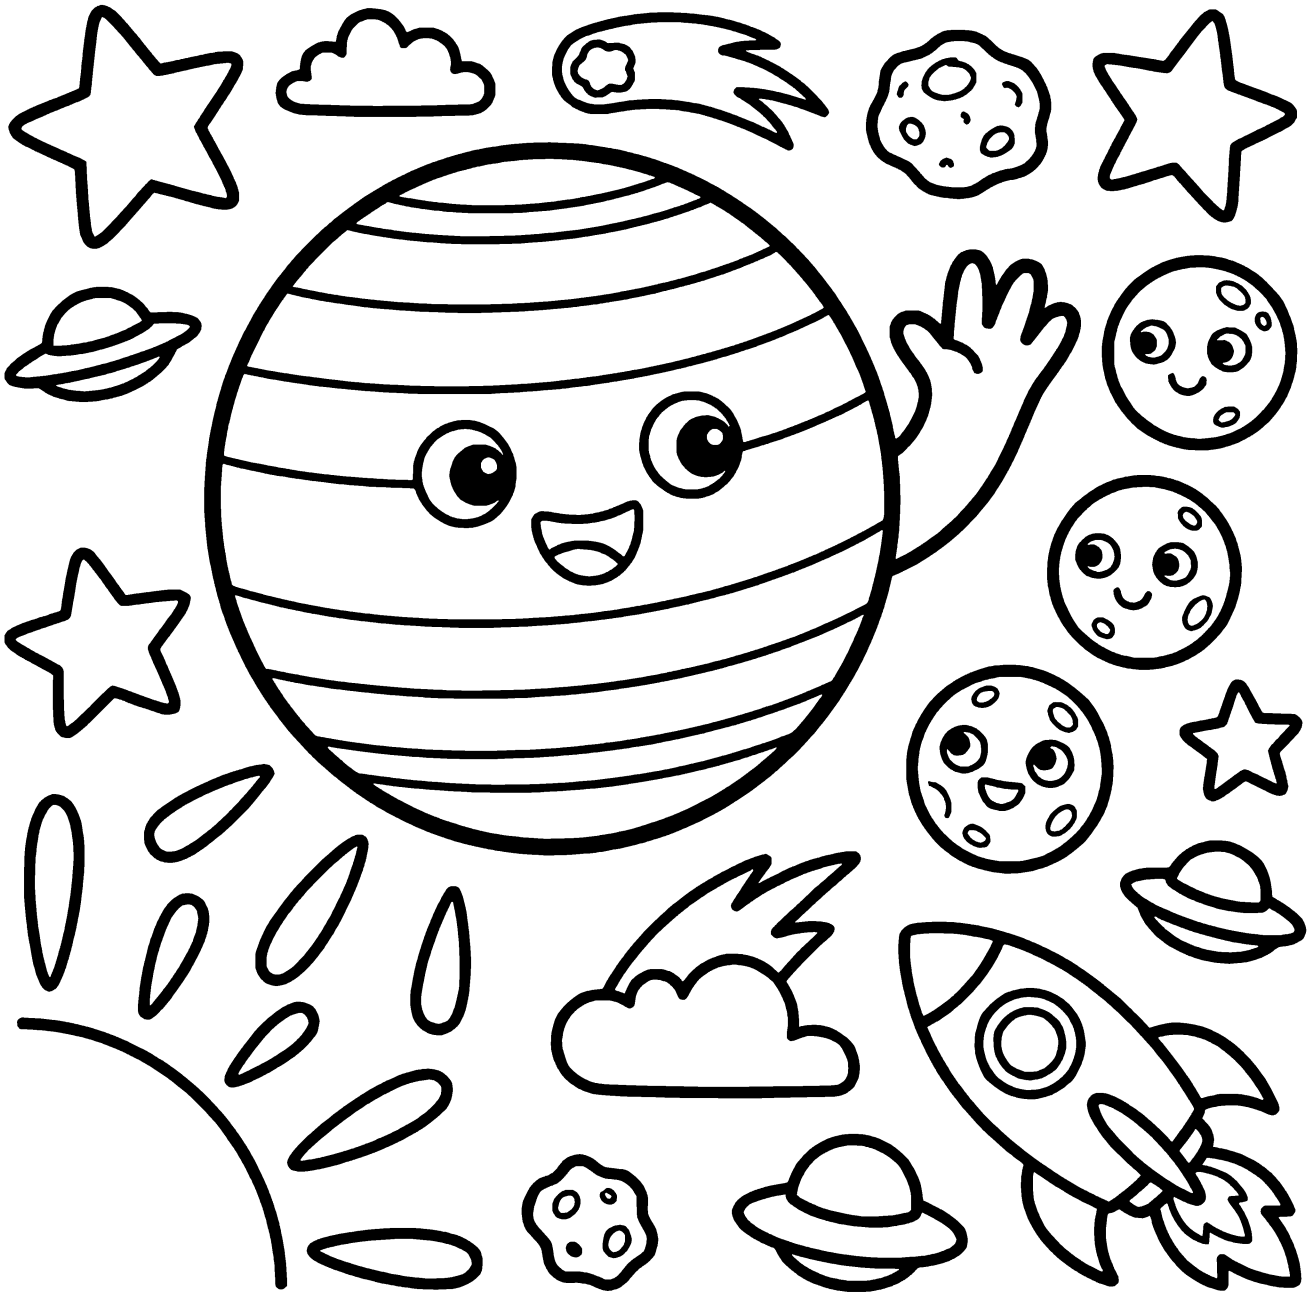

Saturn is so light it could float in a giant bathtub!

Saturn has at least 274 moons — the newest found in 2025!

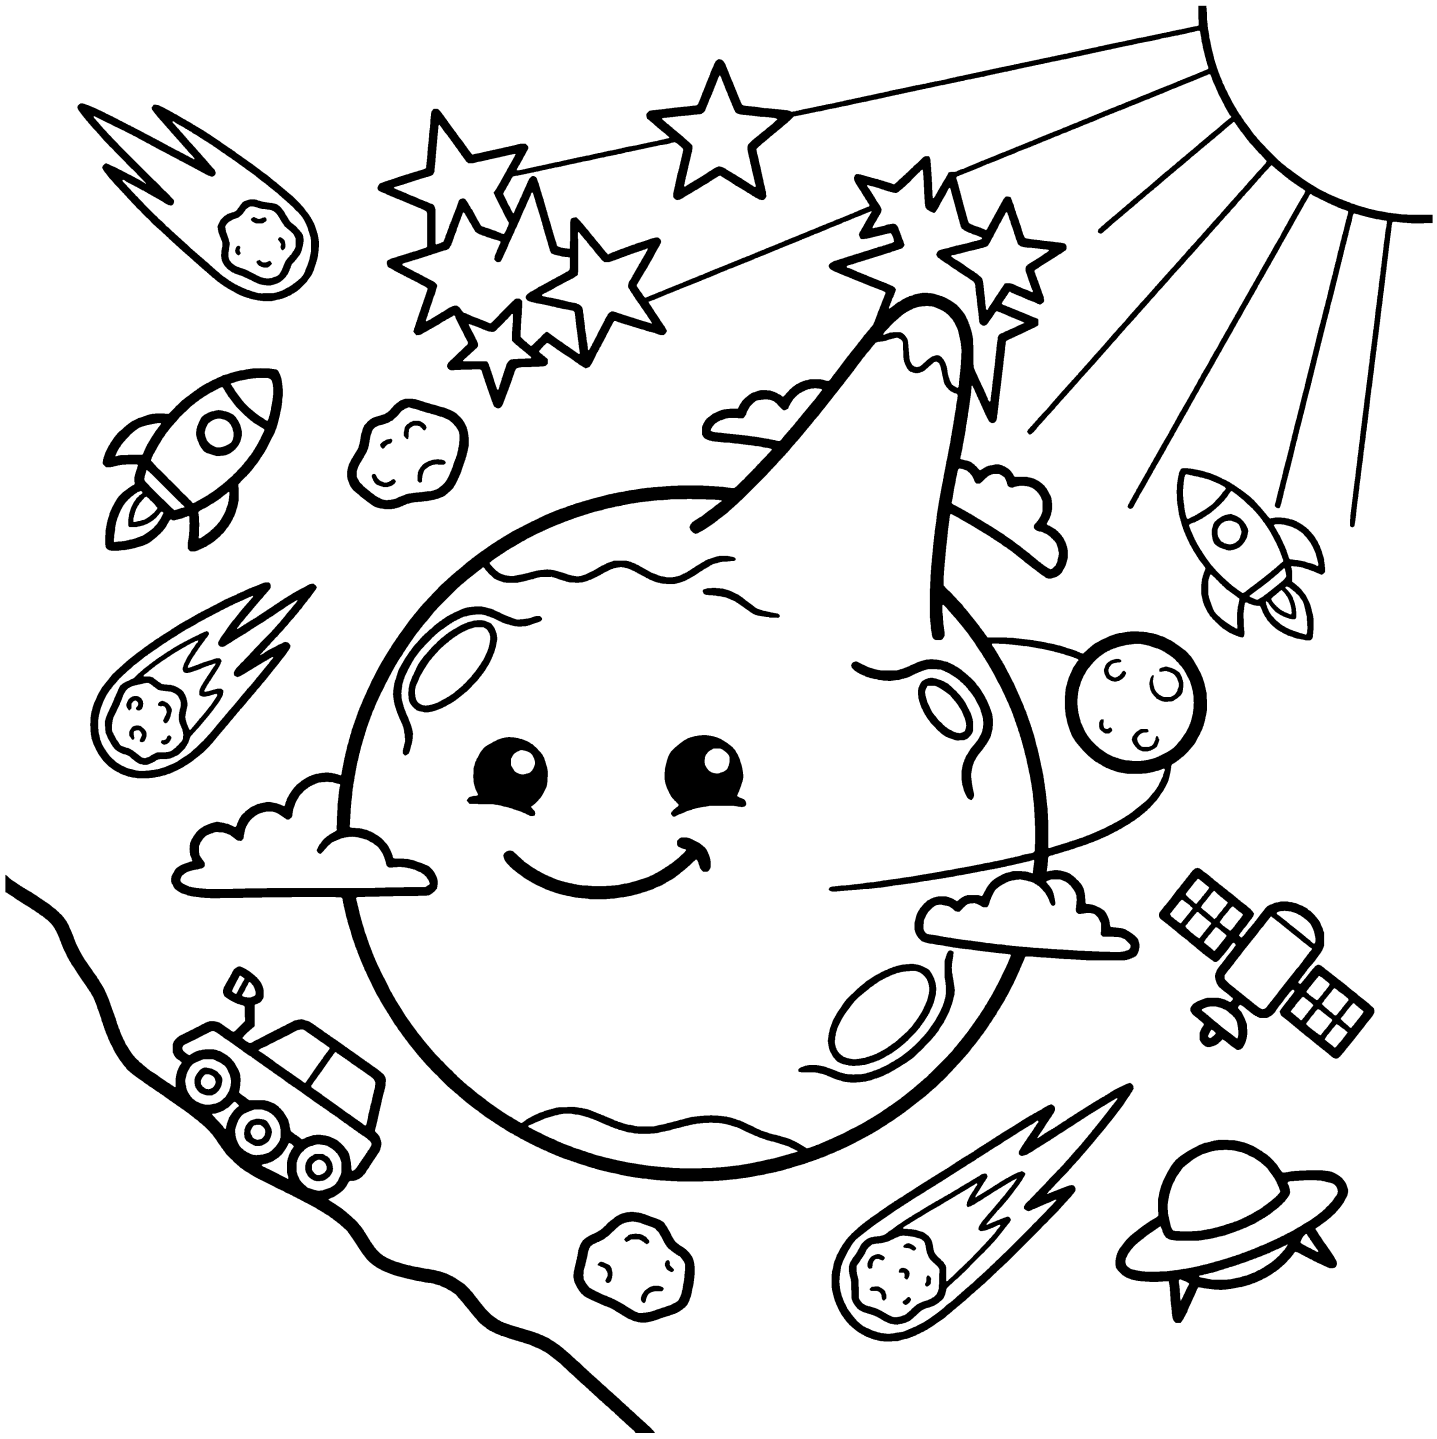

Jupiter's Great Red Spot is a storm bigger than Earth!

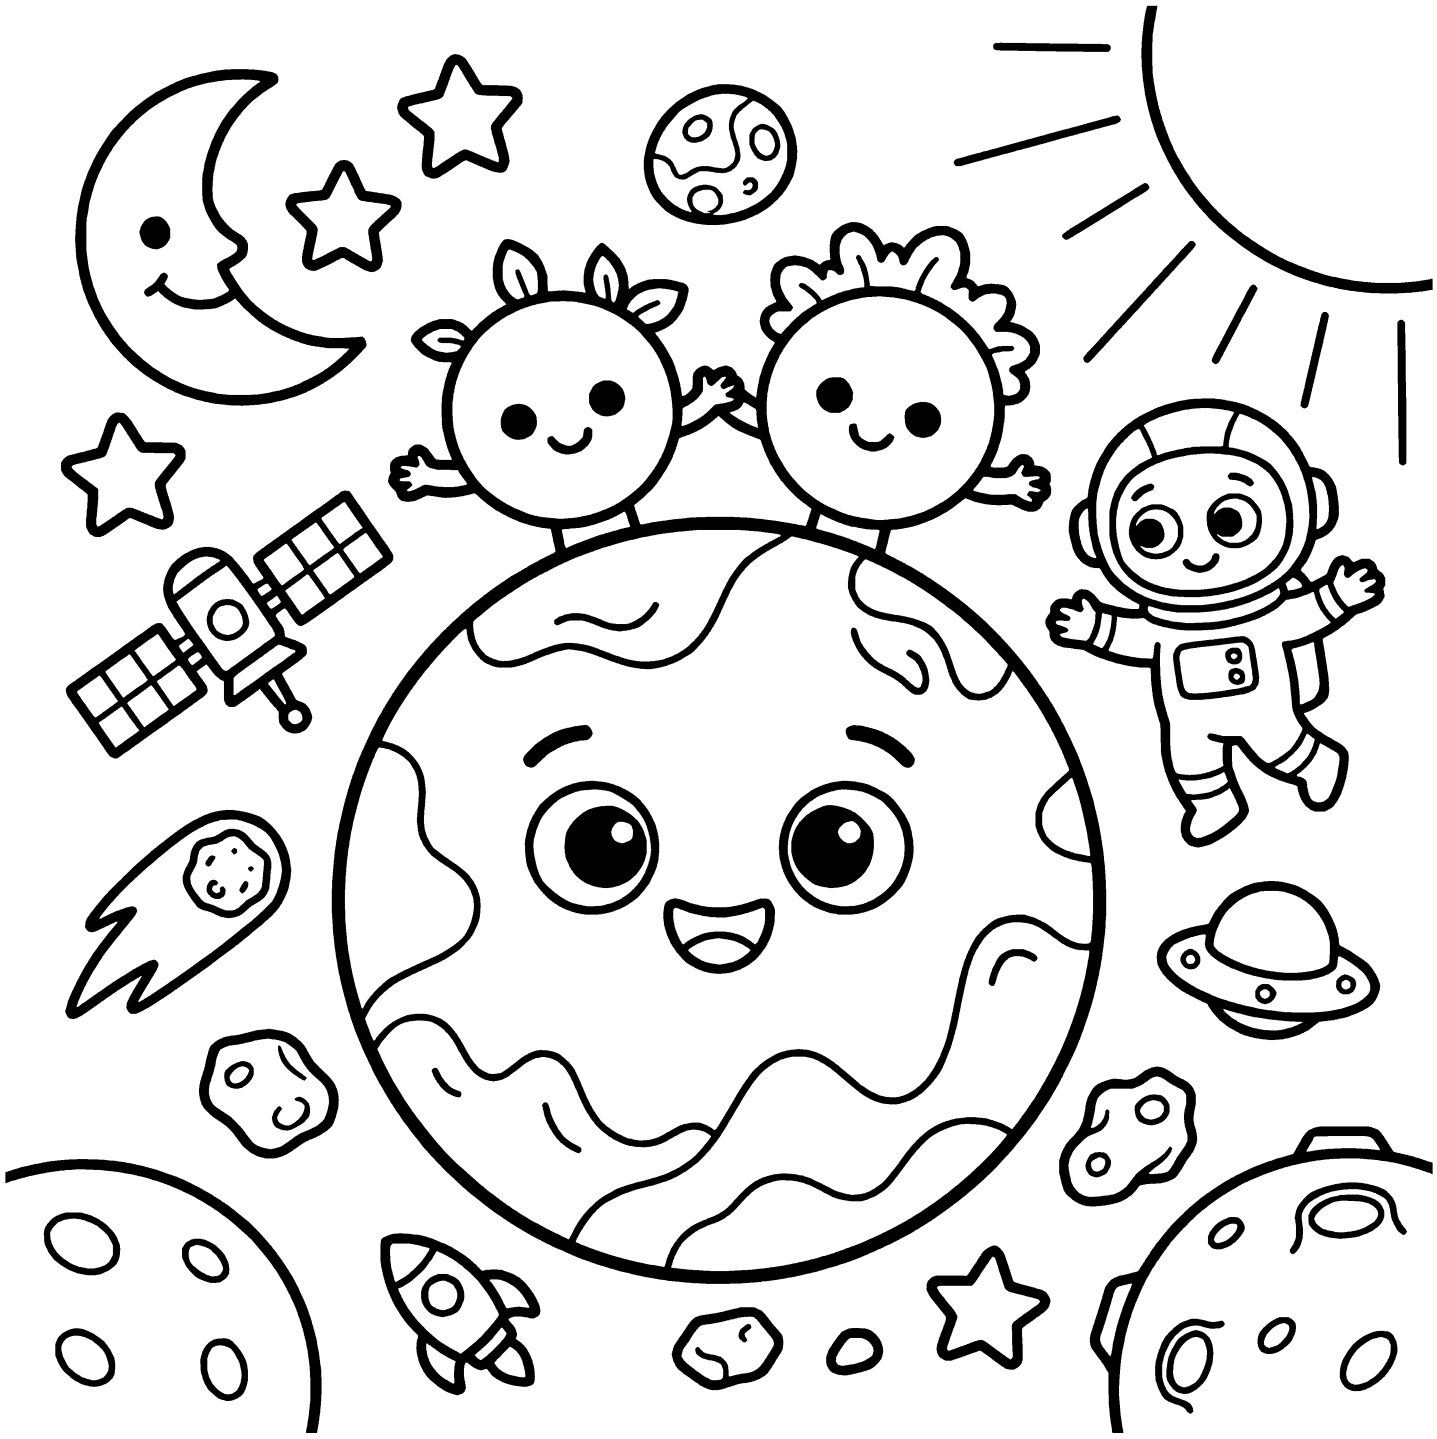

Jupiter has 95 known moons!

One Mars day lasts 24 hours and 37 minutes!

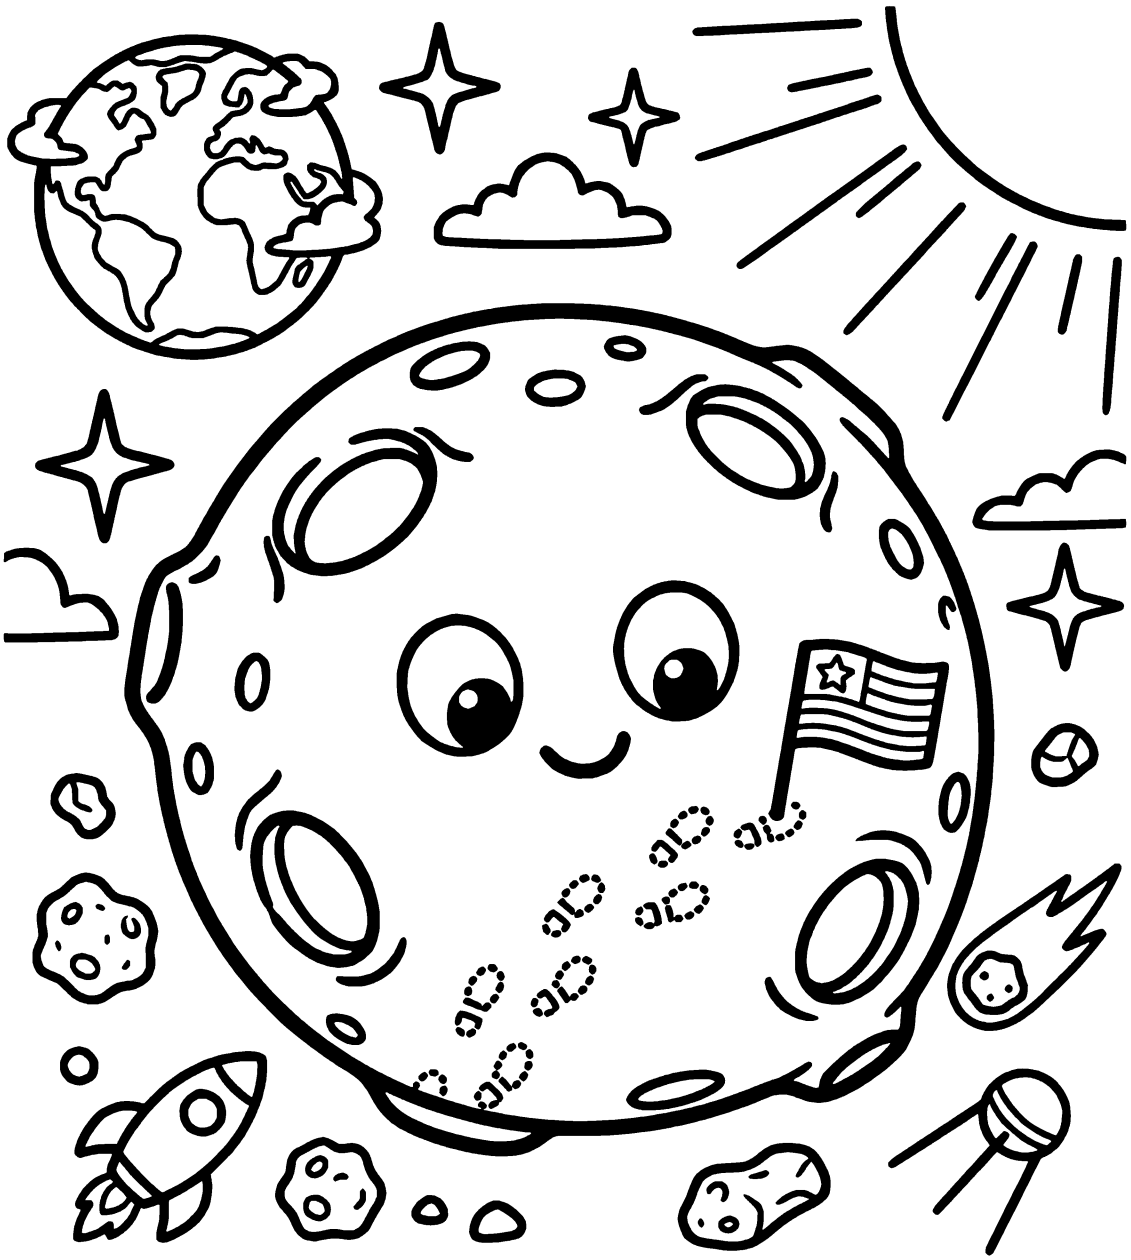

Mars has the tallest mountain, 3 times higher than Everest!

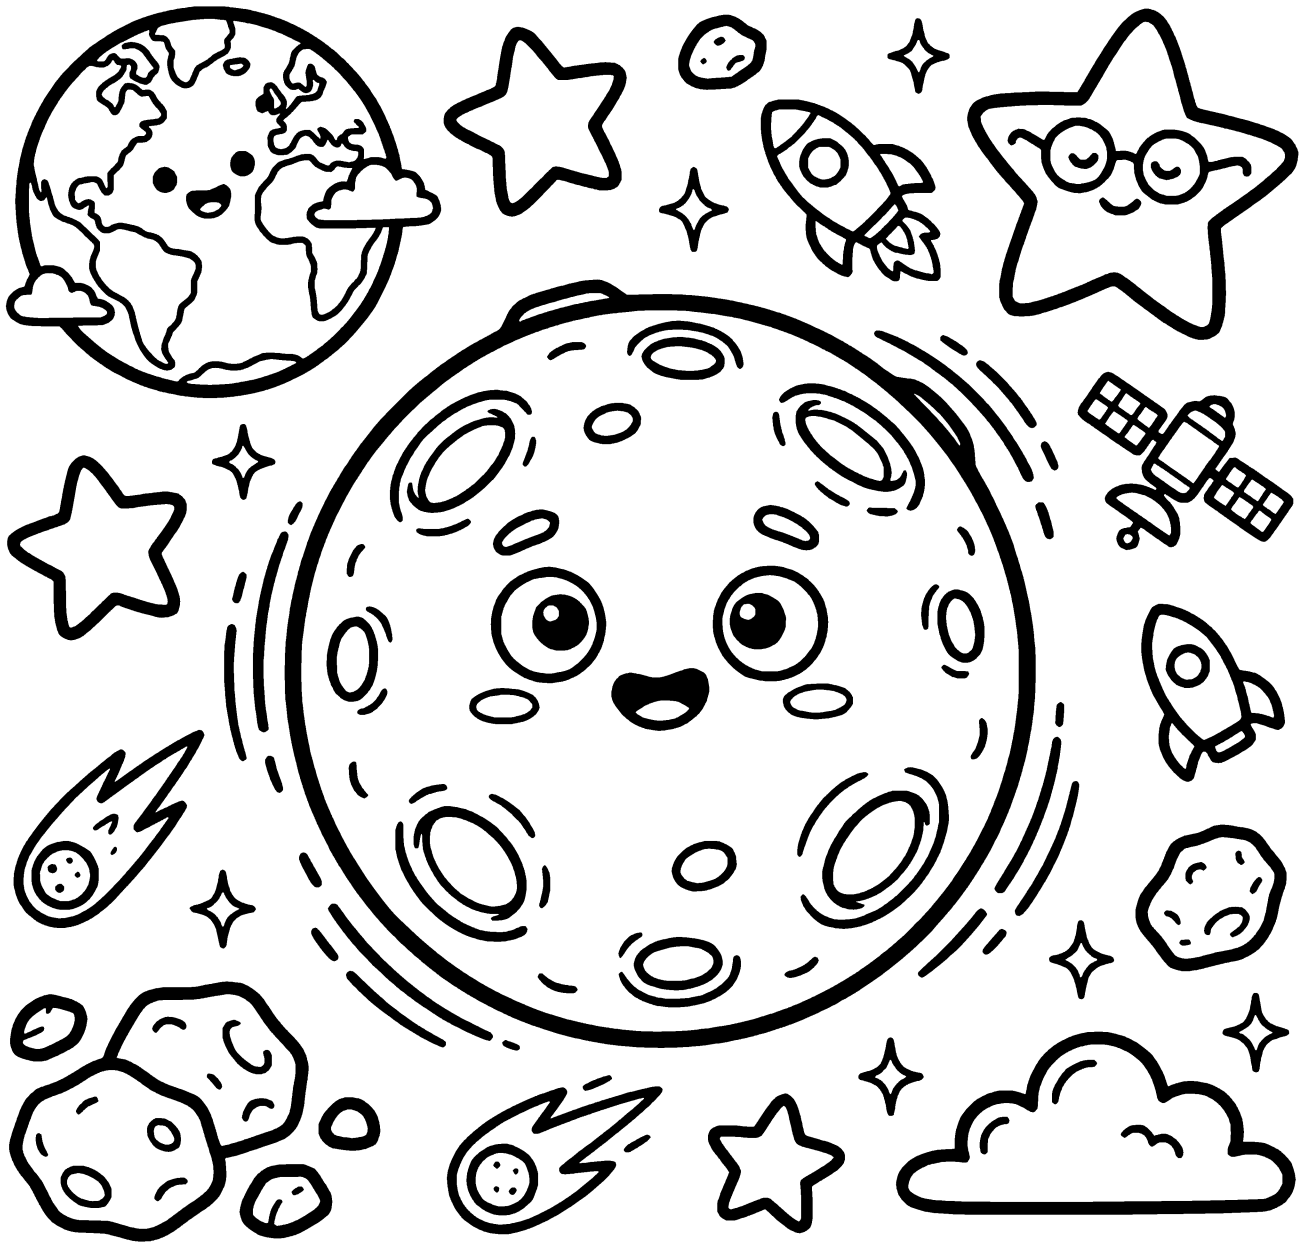

Earth is the only planet where trees grow!

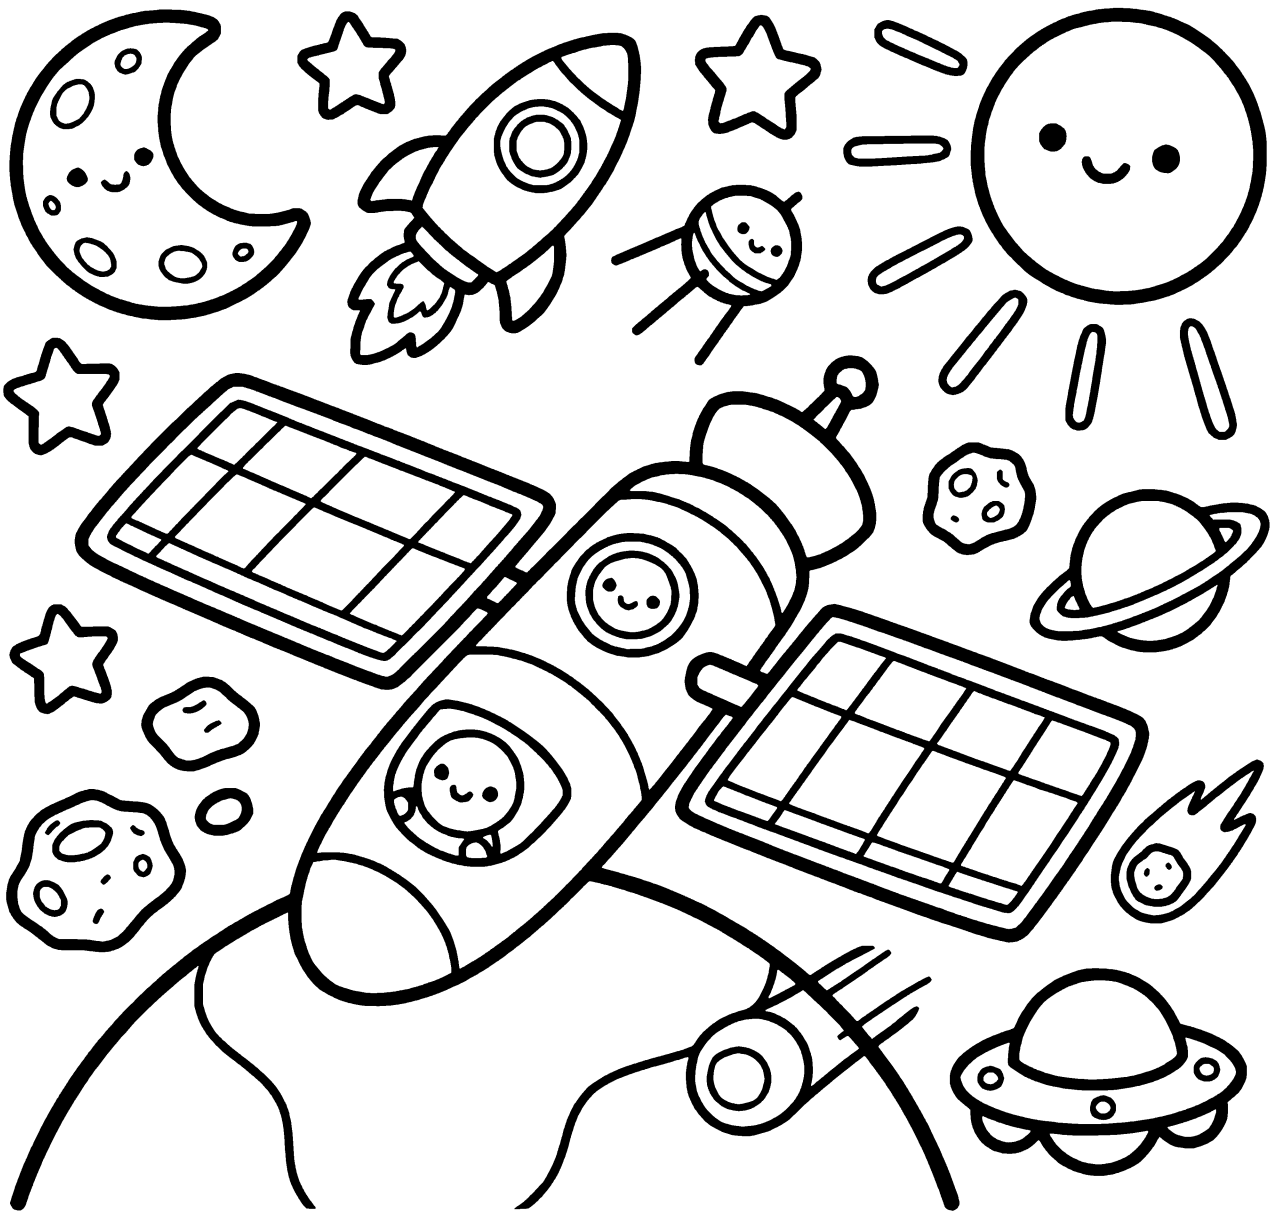

Space crews watch 16 sunrises every day from orbit!

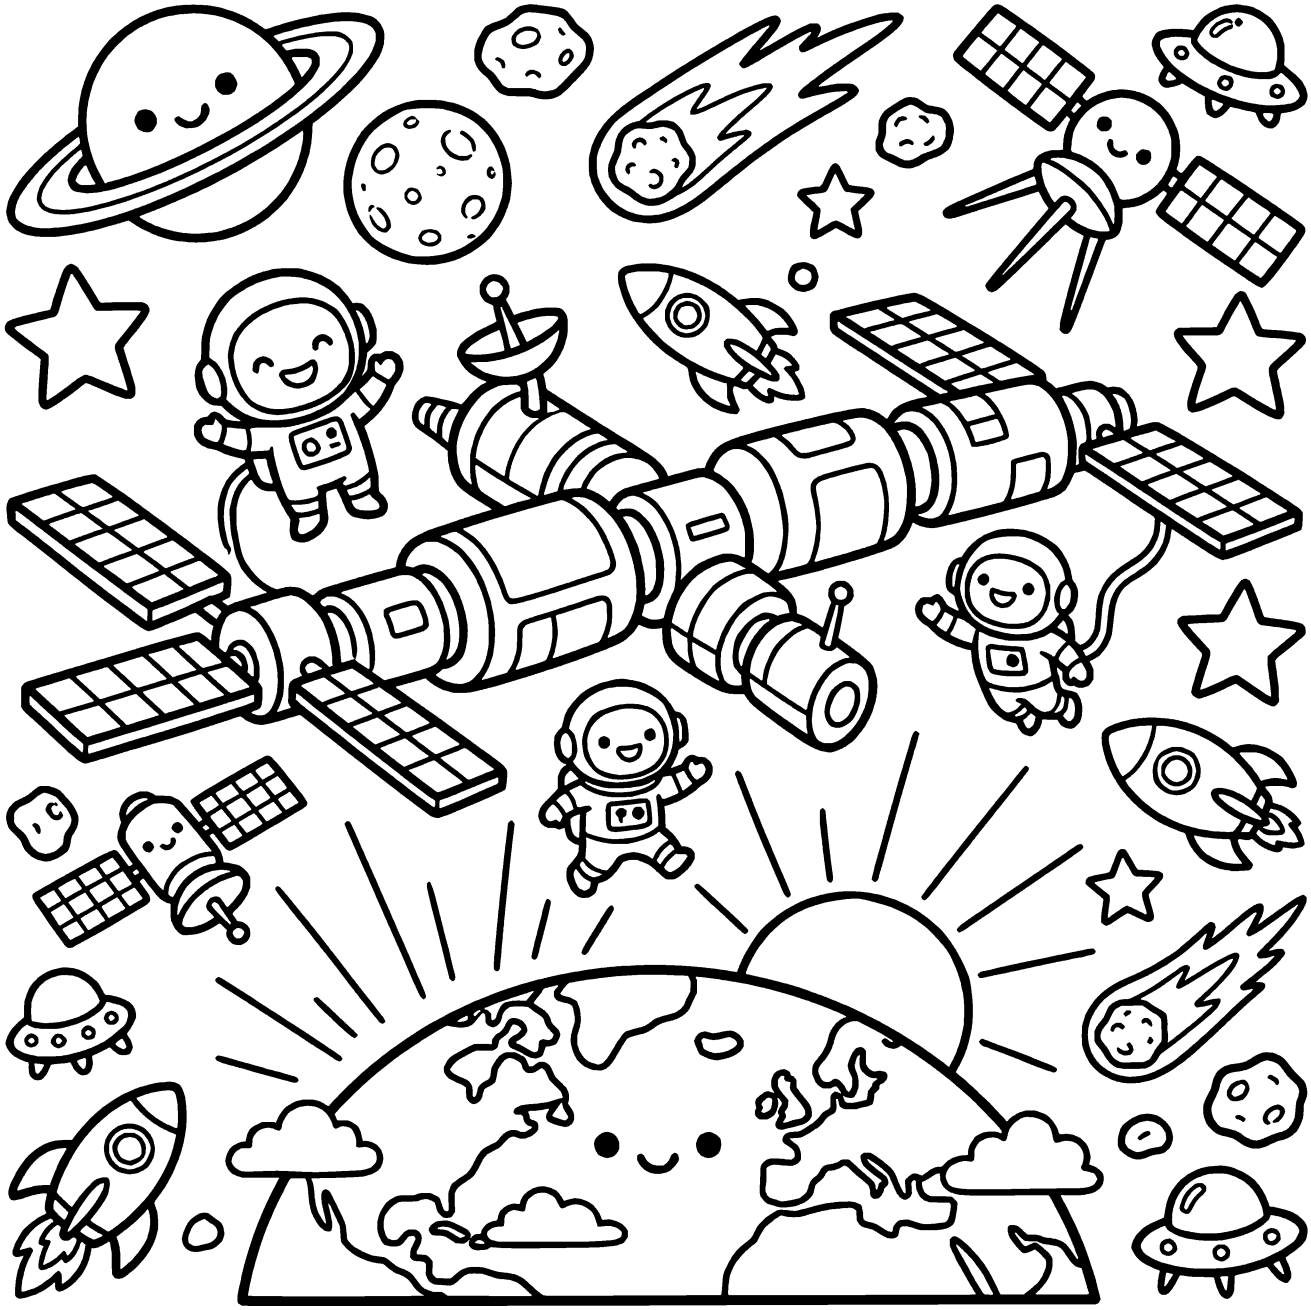

Moon footprints will stay for millions of years!

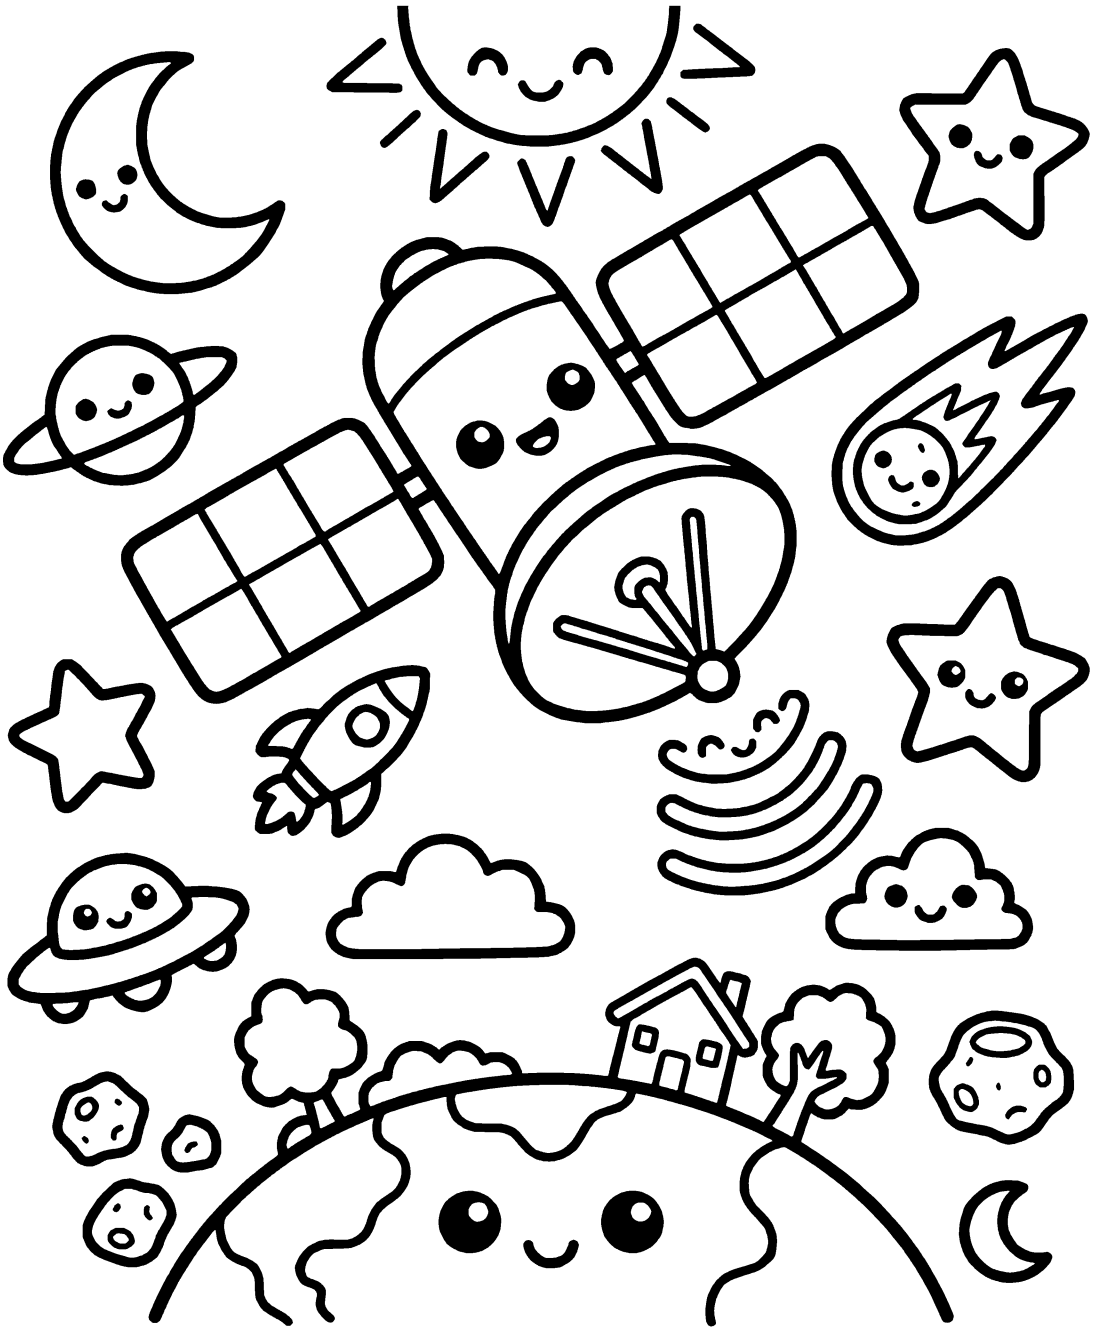

The Moon has moonquakes!

The space station circles Earth every 90 minutes!

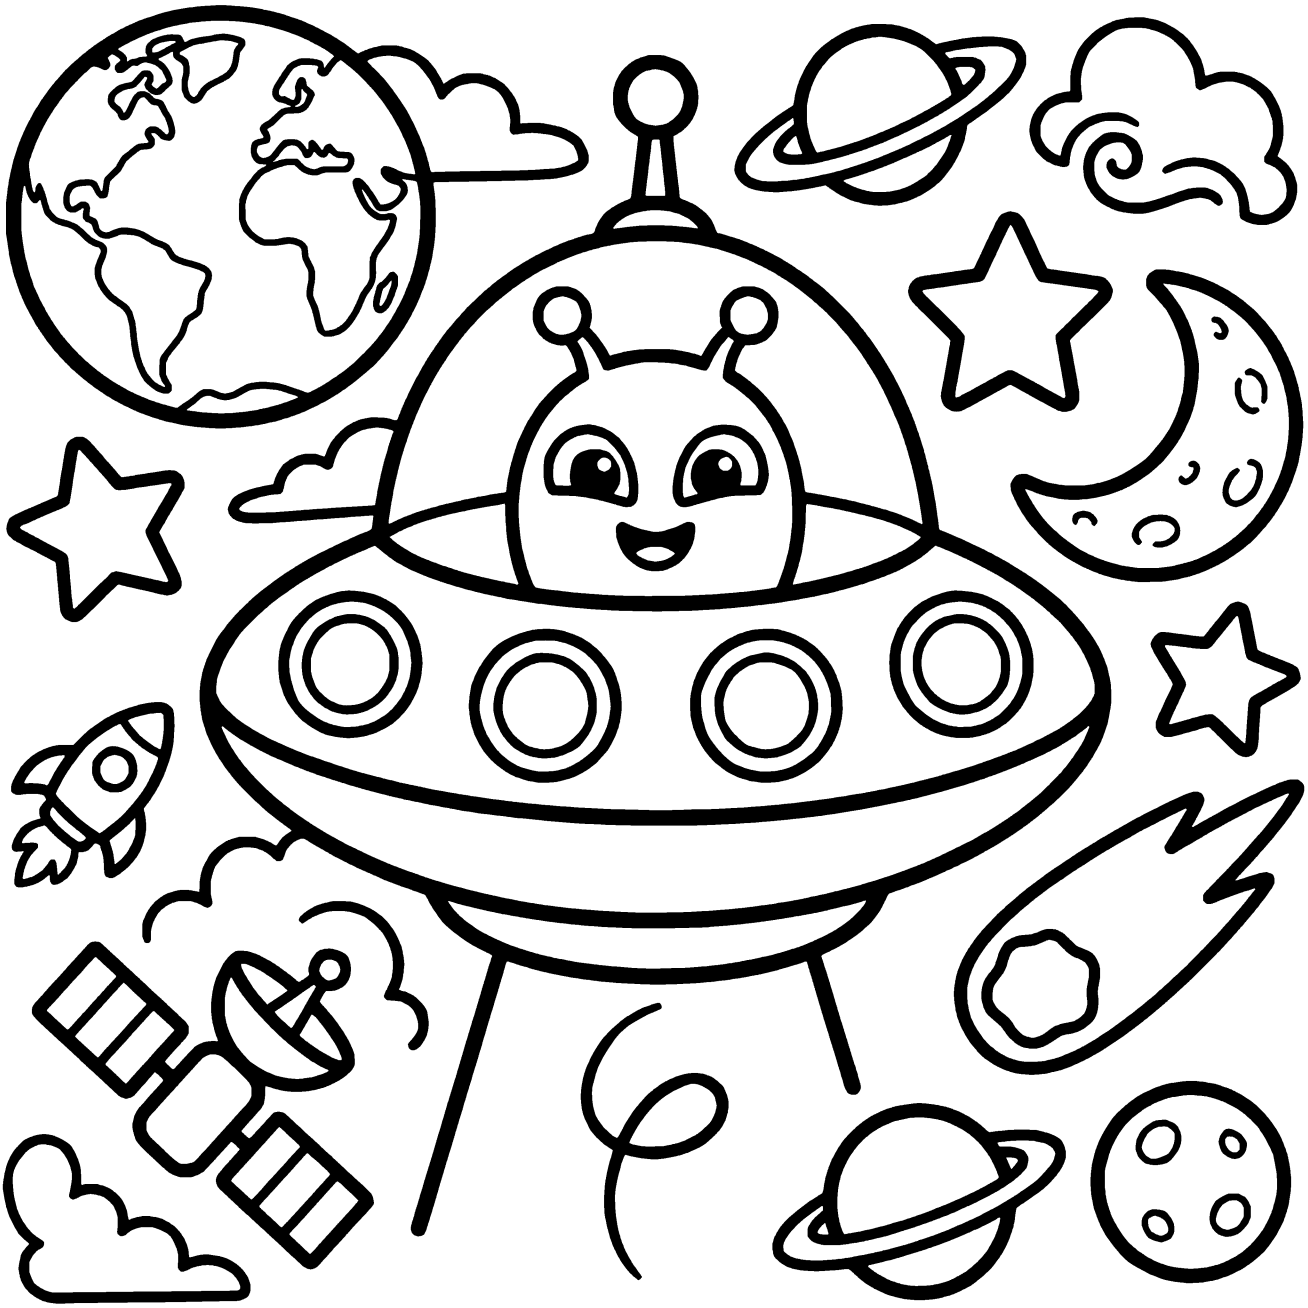

The space station is as long as a football field!

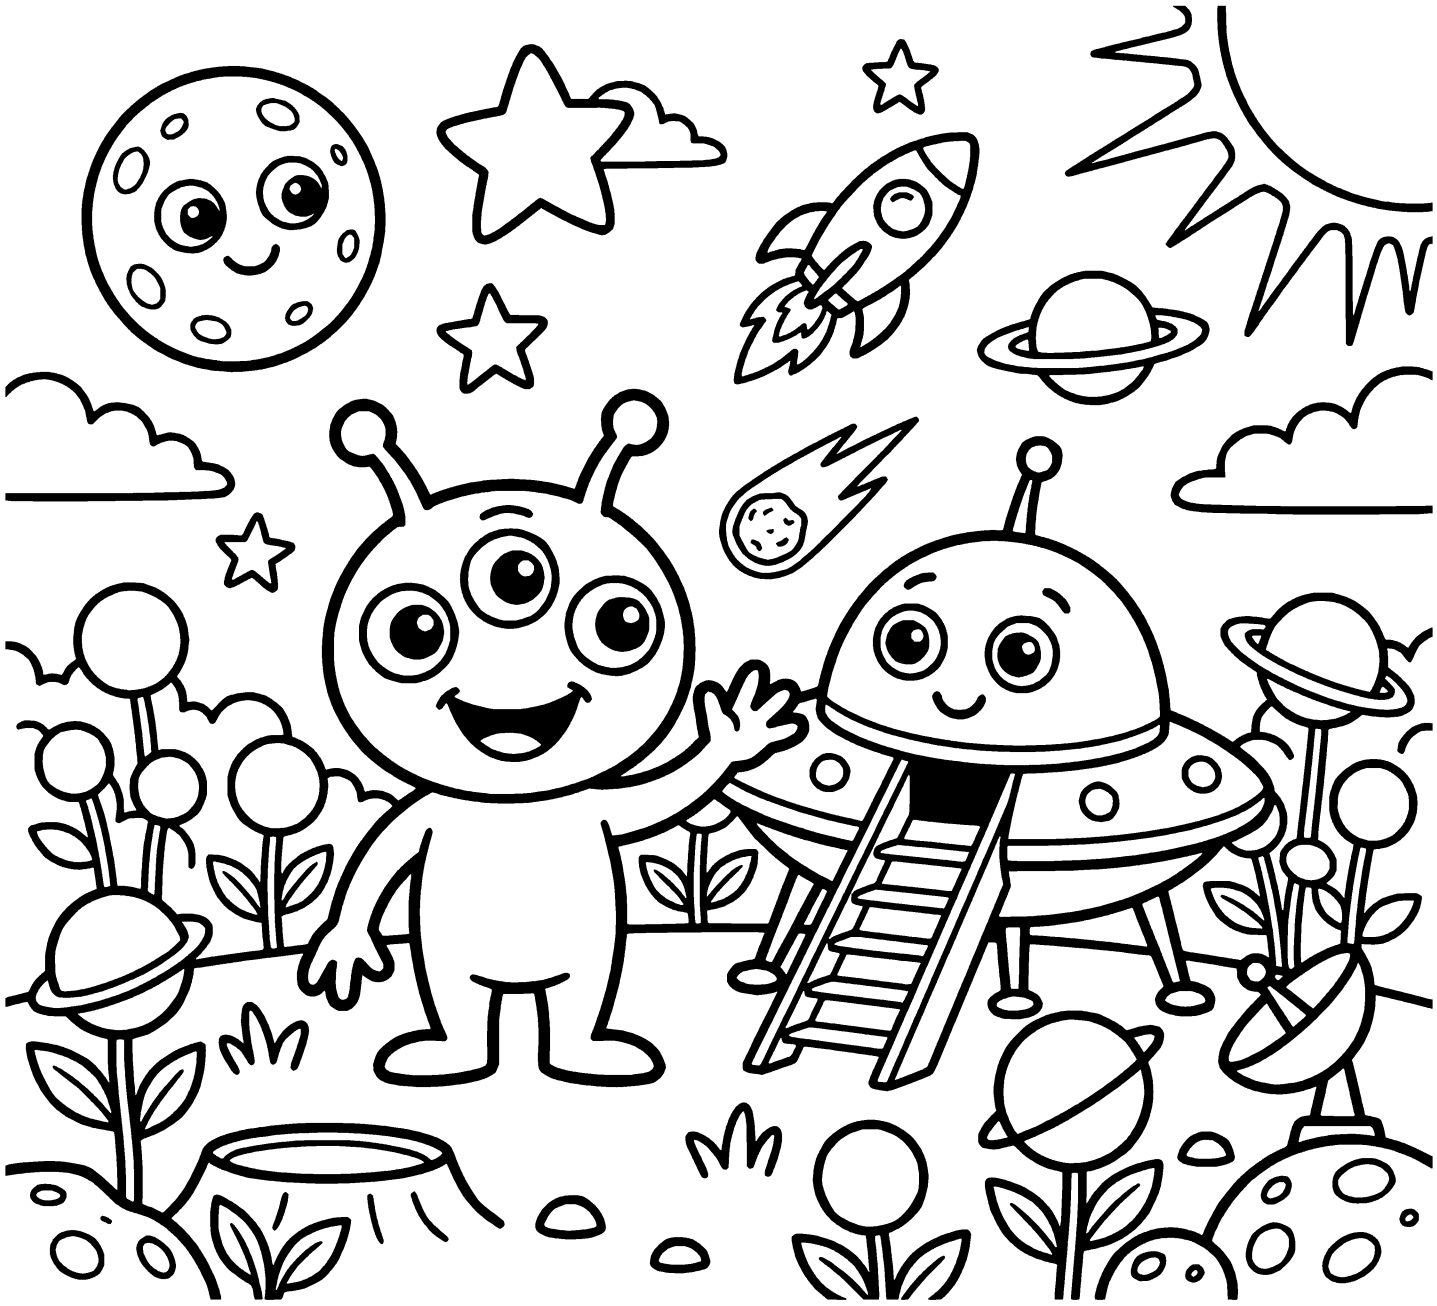

Satellites send us weather photos and TV every day!

Some satellites are as big as a bus!

There are more stars in space than grains of sand on Earth!

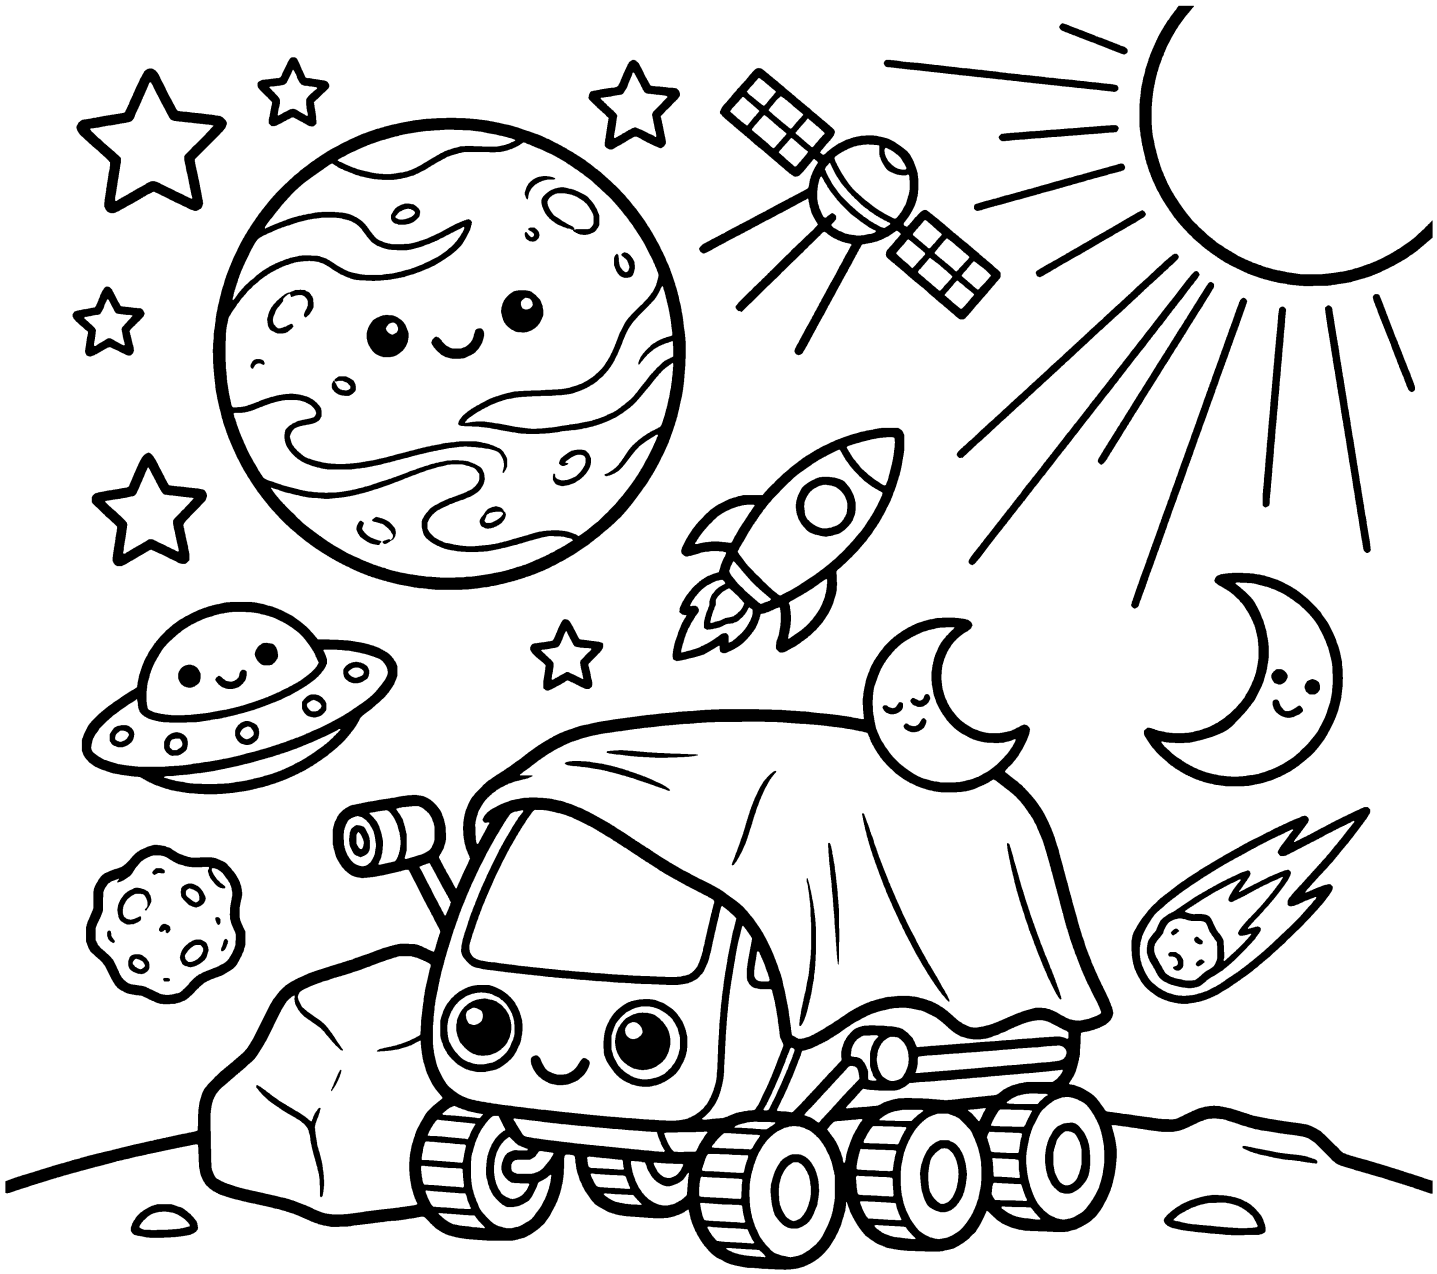

Astronomers have found over 6,000 planets around other stars!

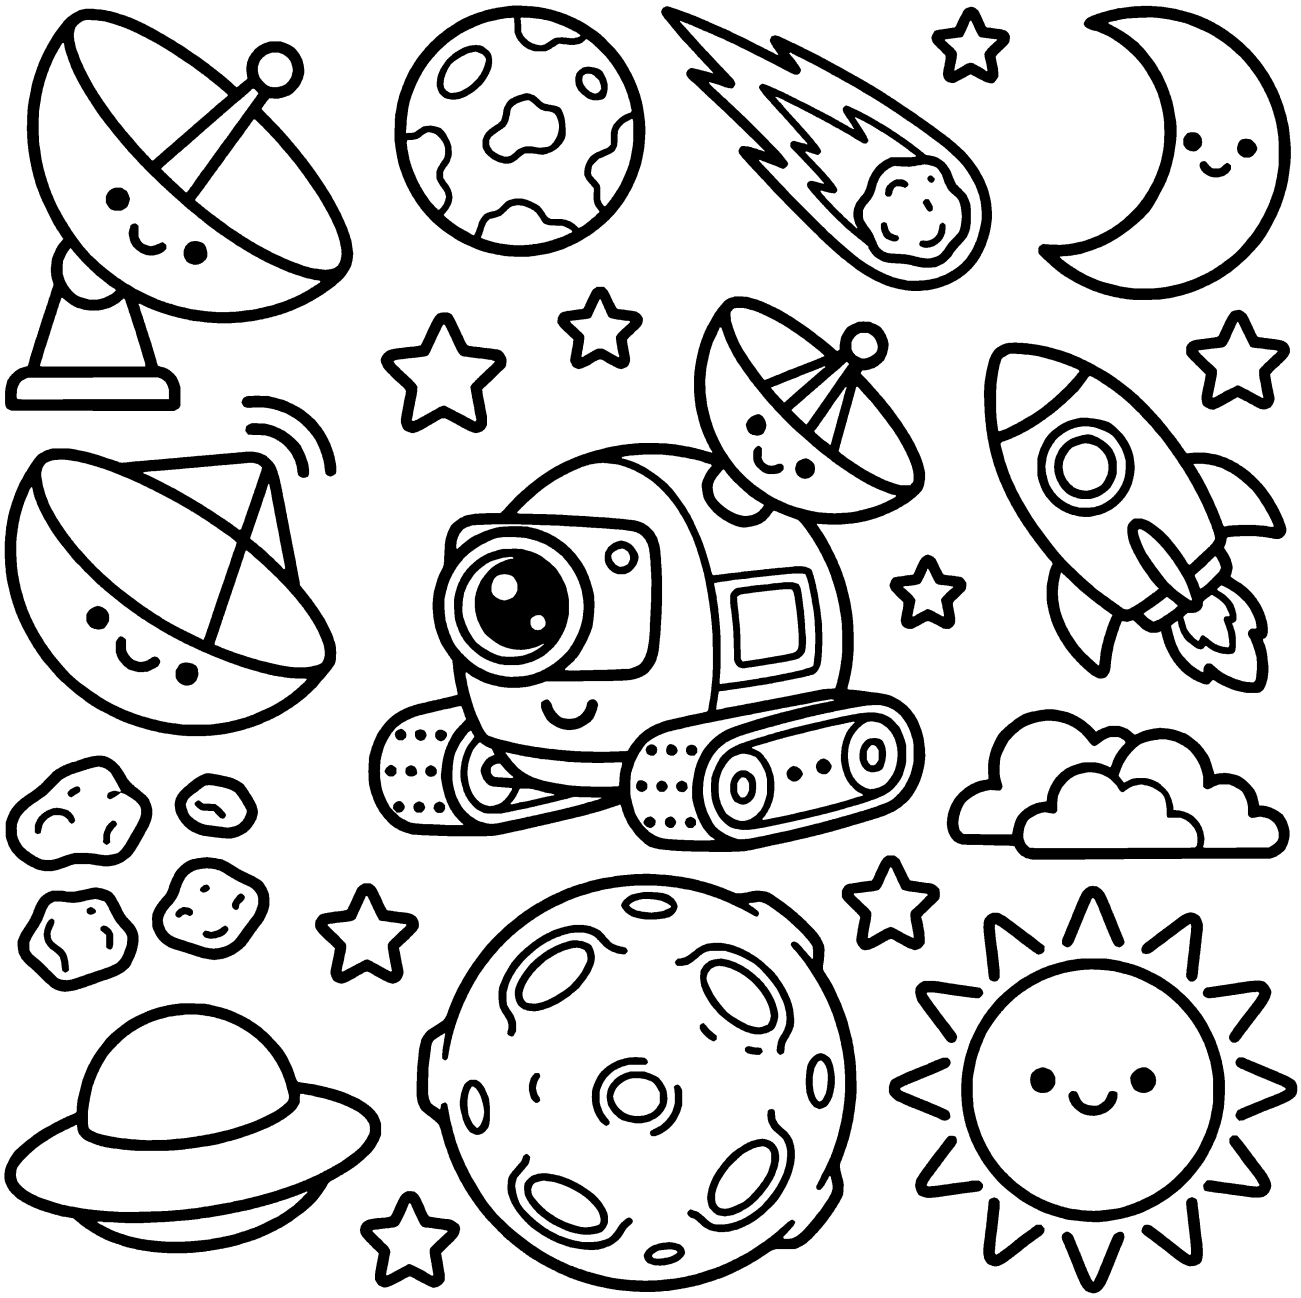

Three Moon cars are still parked up there!

Moon buggies were built to drive no faster than 8 km/h!

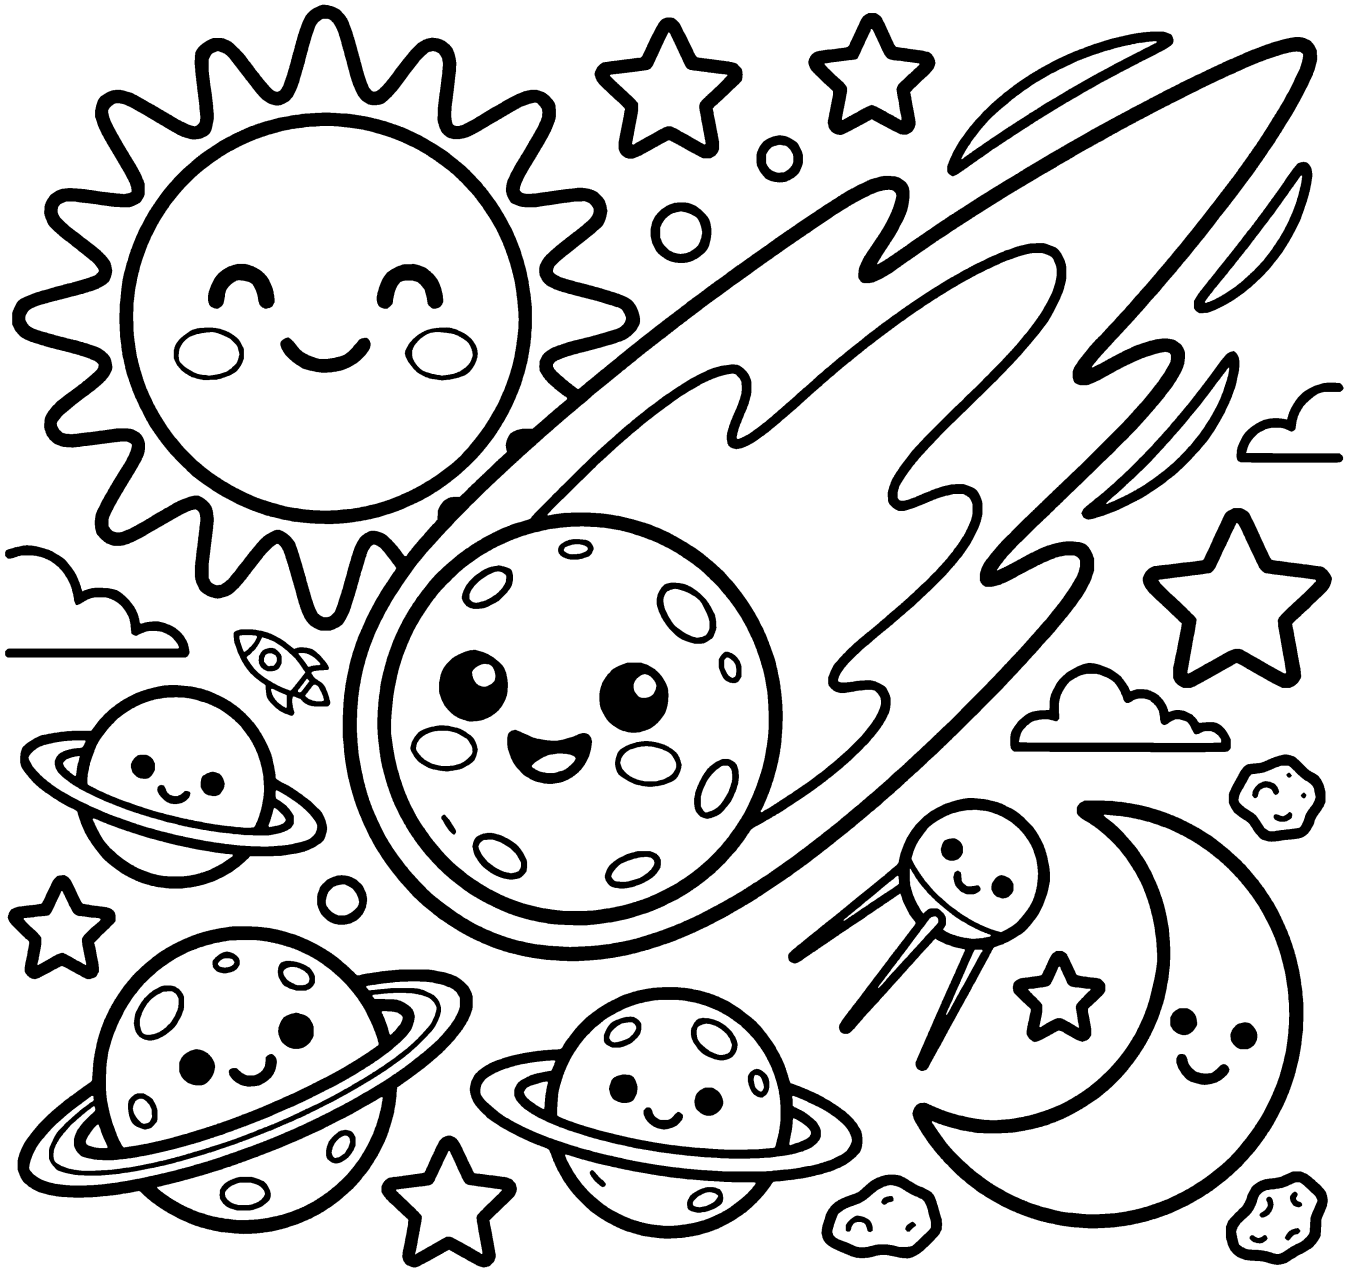

Rovers nap at night to save their battery power!

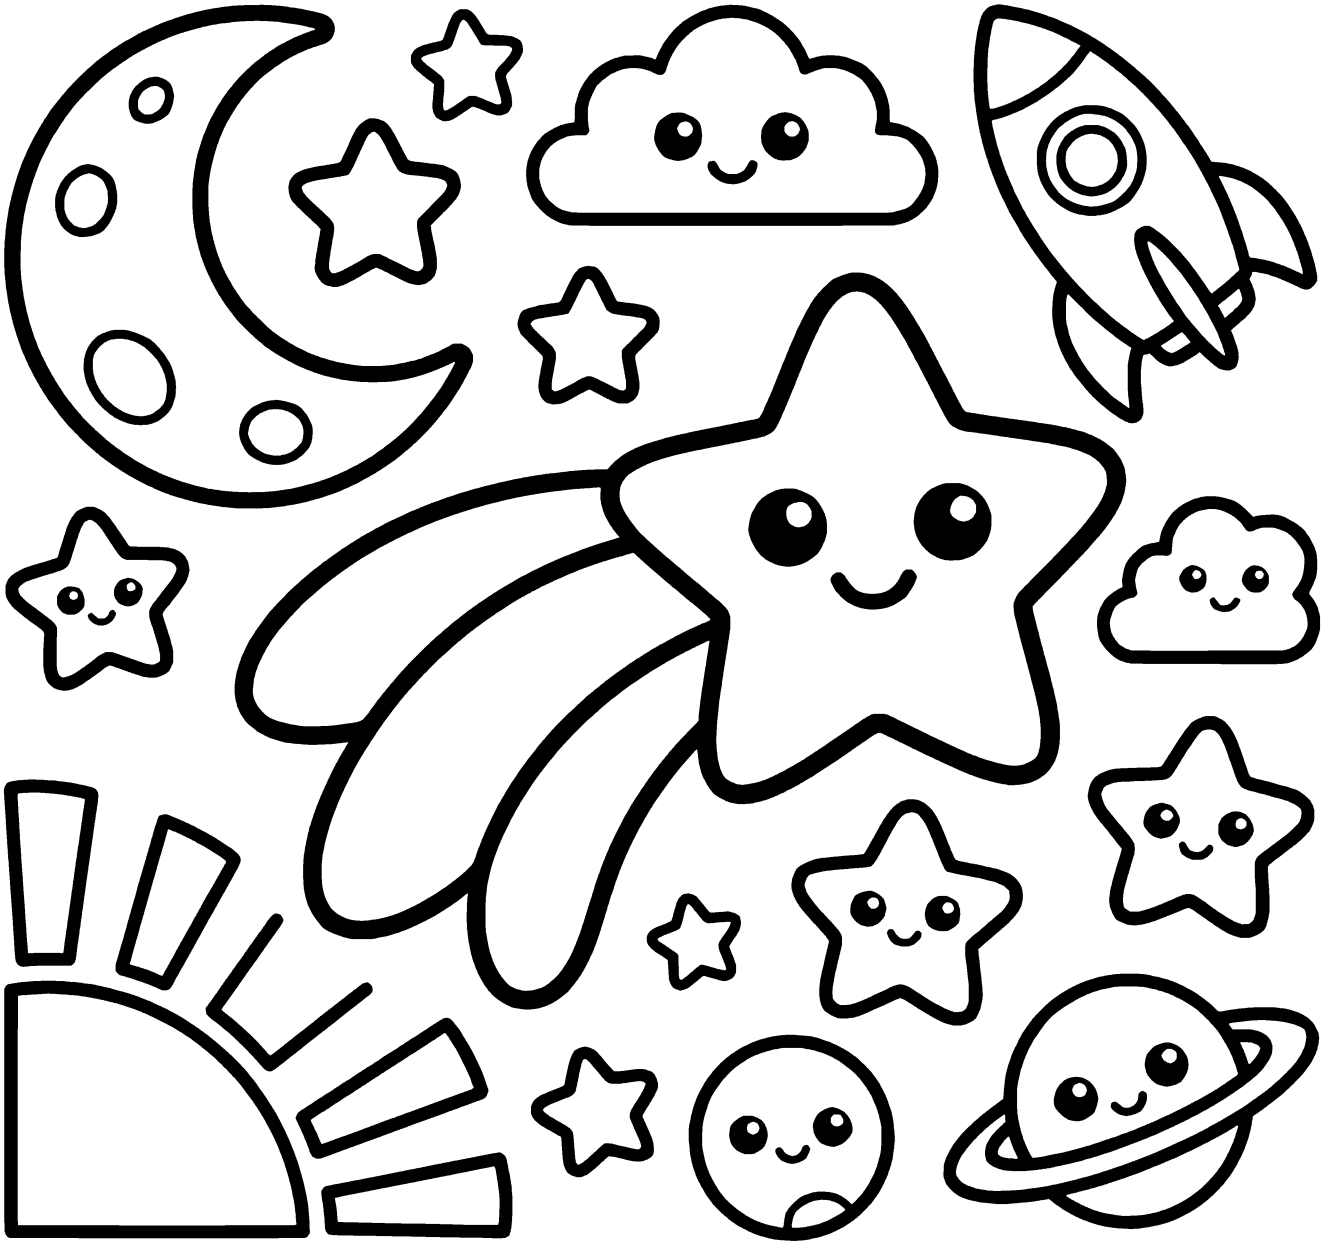

The first Mars rover was the size of a microwave!

Comets grow two tails — one of dust, one of gas!

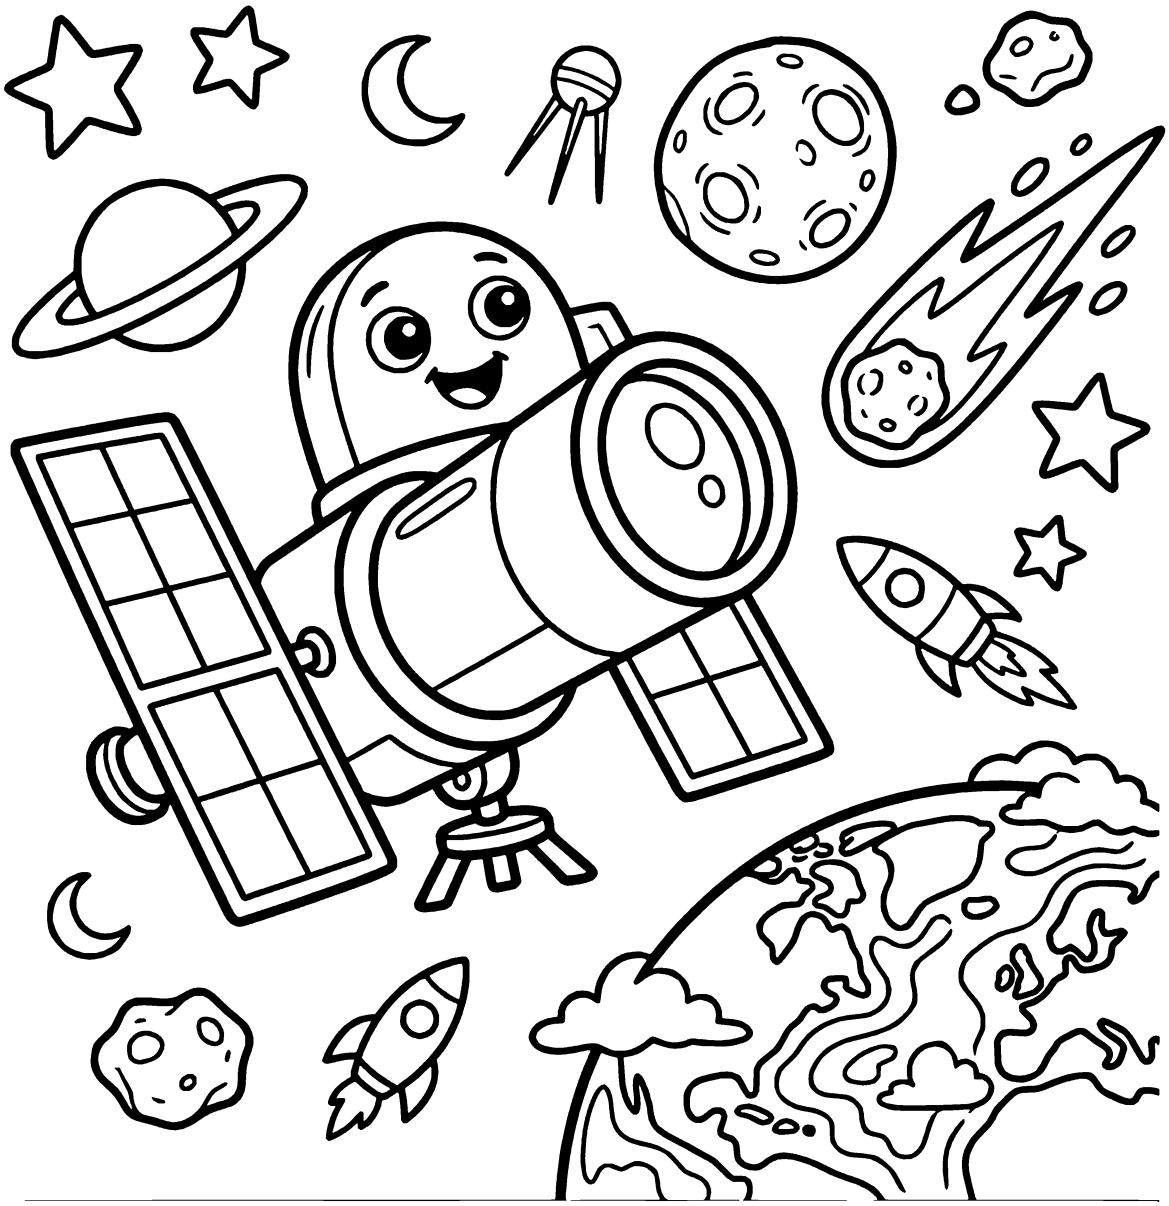

A comet's tail always points away from the Sun!

Shooting stars are tiny space rocks burning in our sky!

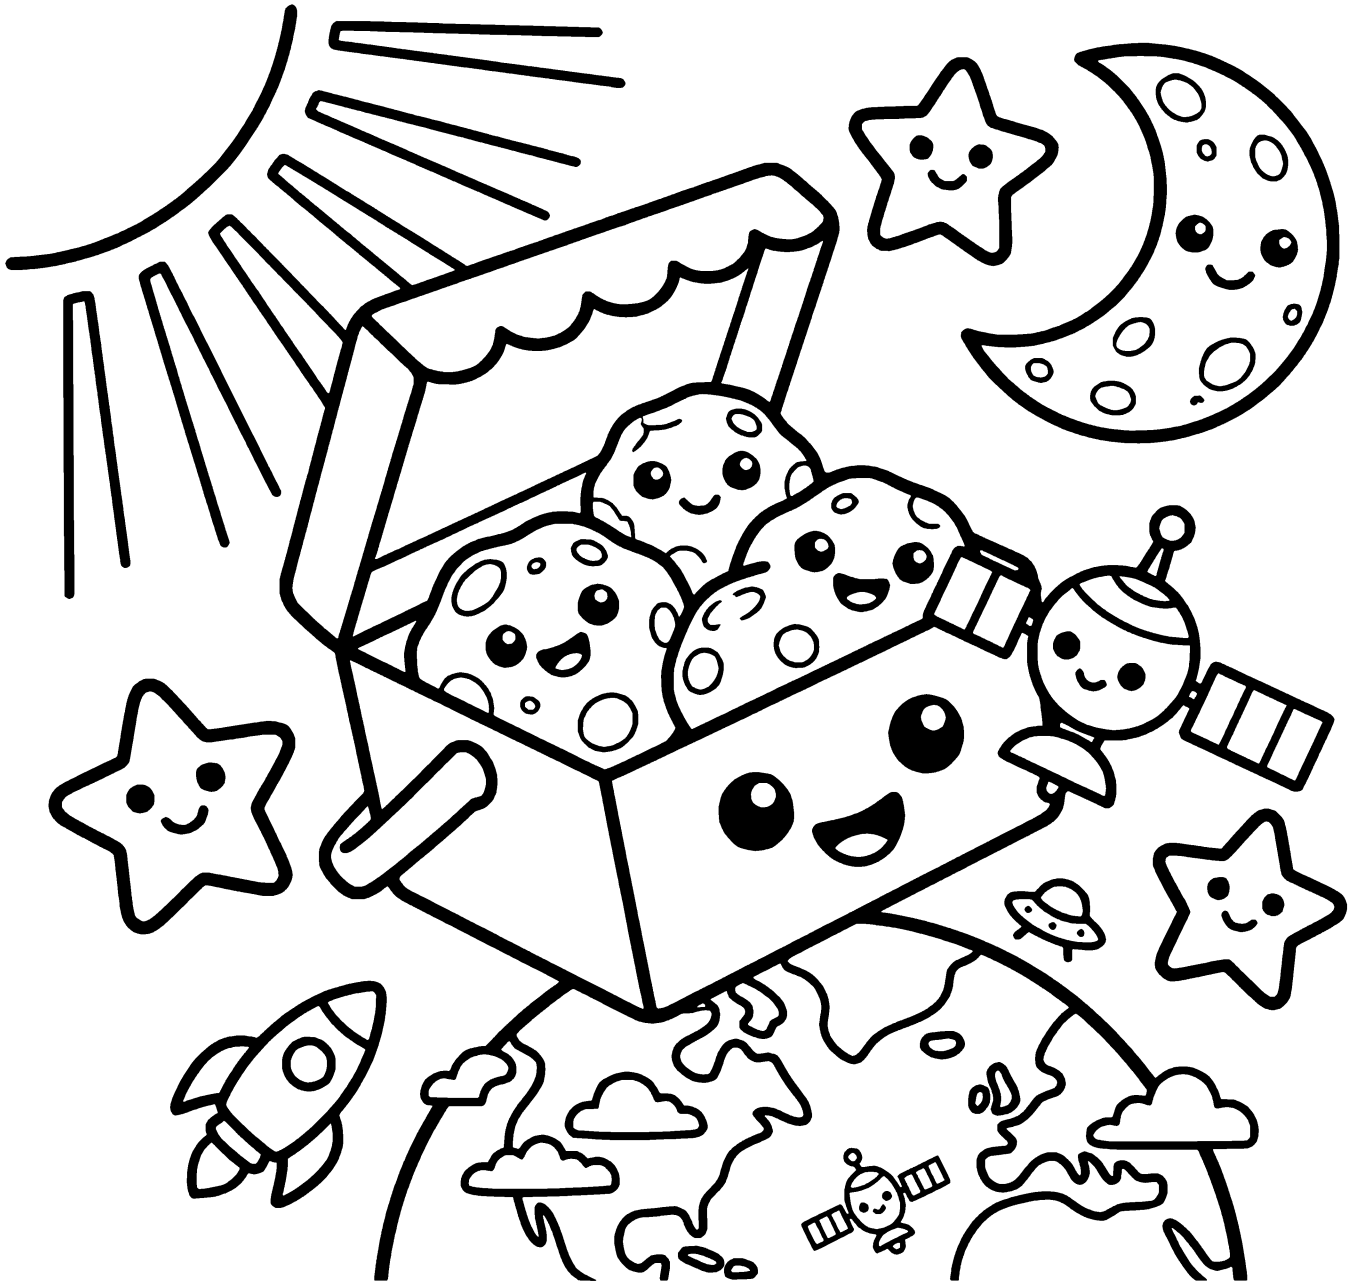

Most shooting stars are smaller than a fingernail!

One space telescope has taken over 1.6 million photos!

Big telescopes live on mountain tops above the clouds!

Japan's space probes brought asteroid rocks home to Earth!

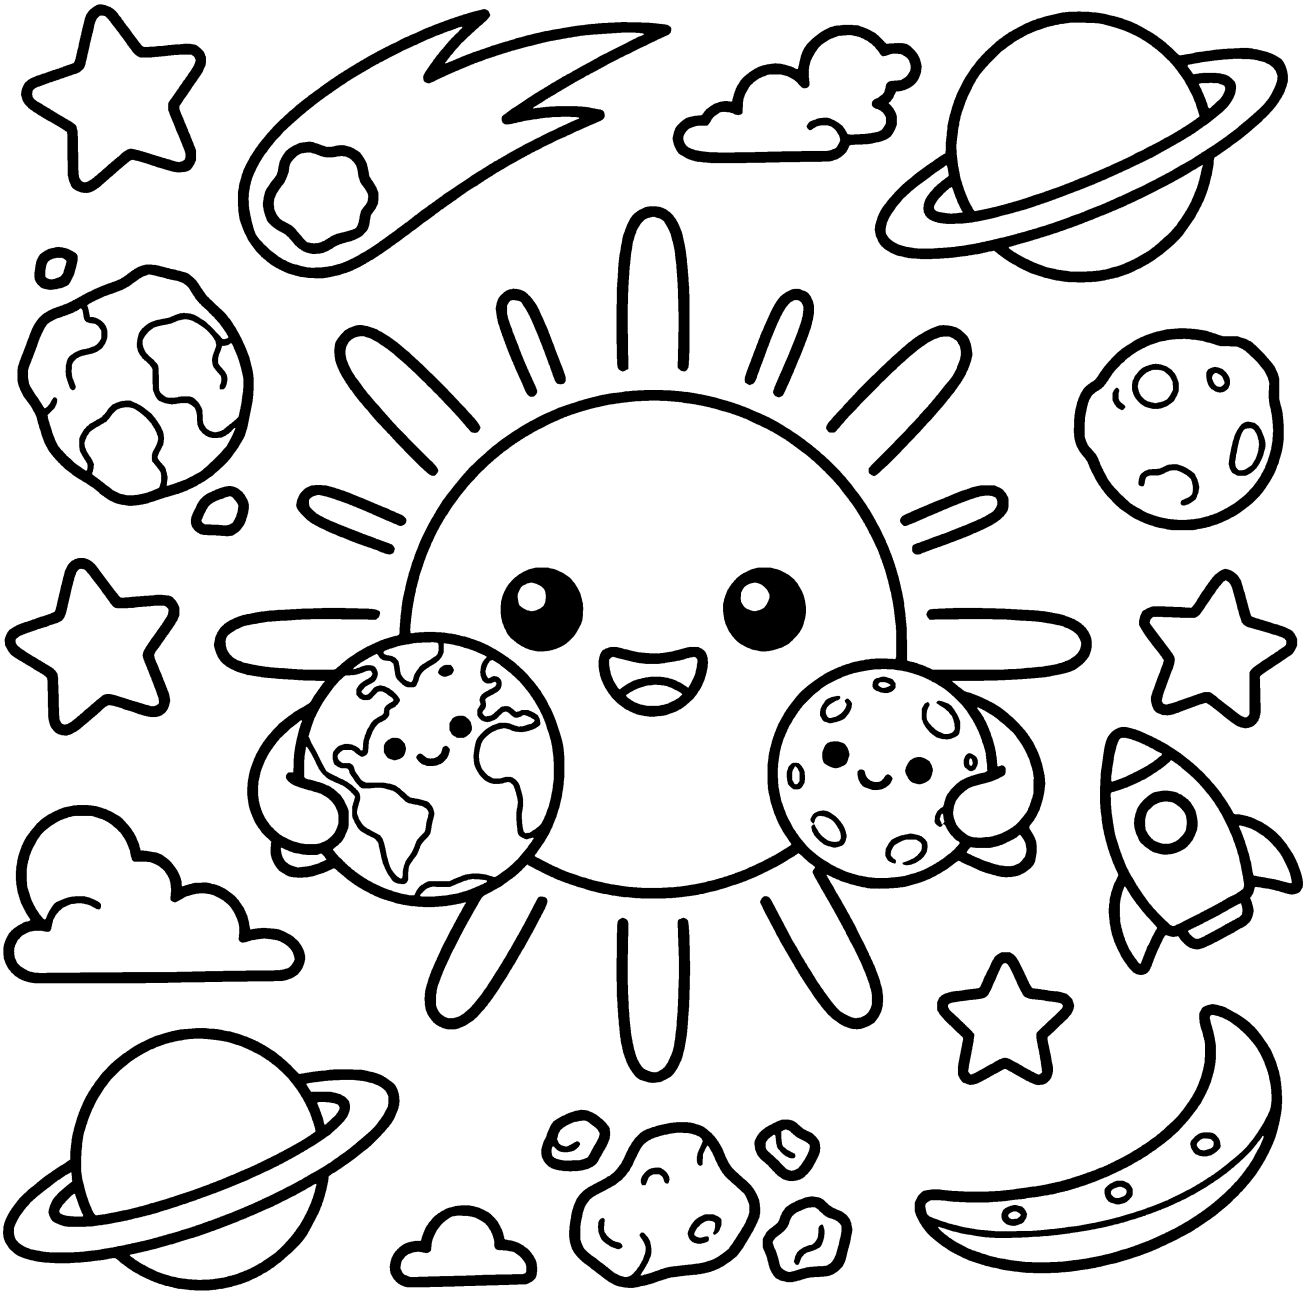

Meteors plunge as fast as 70 km every second!

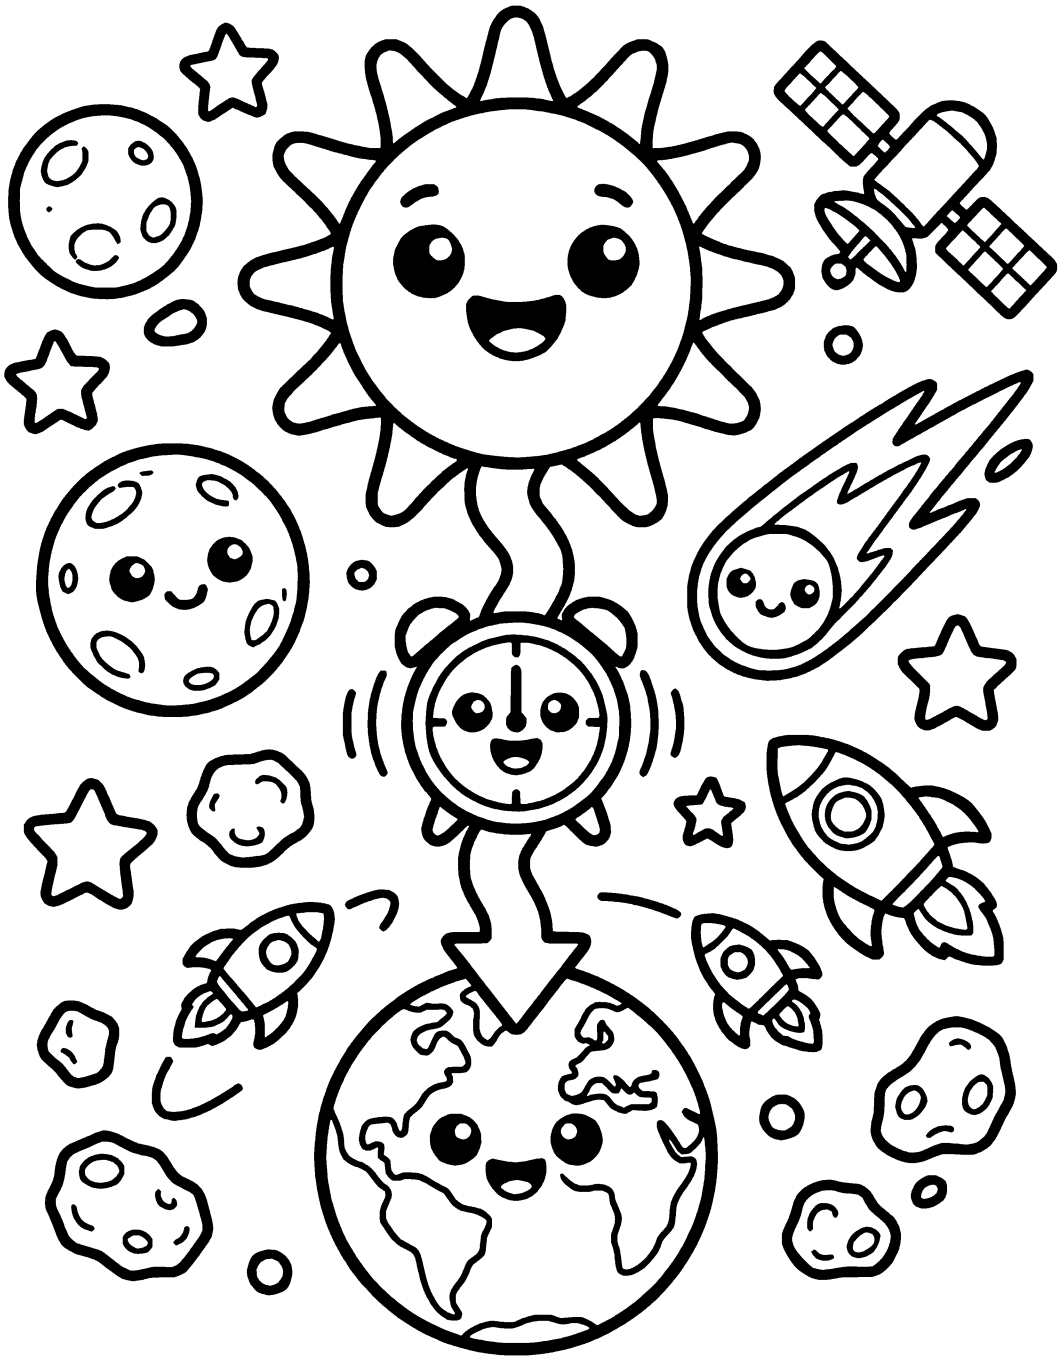

Space dogs Belka and Strelka orbited Earth and came home safely!

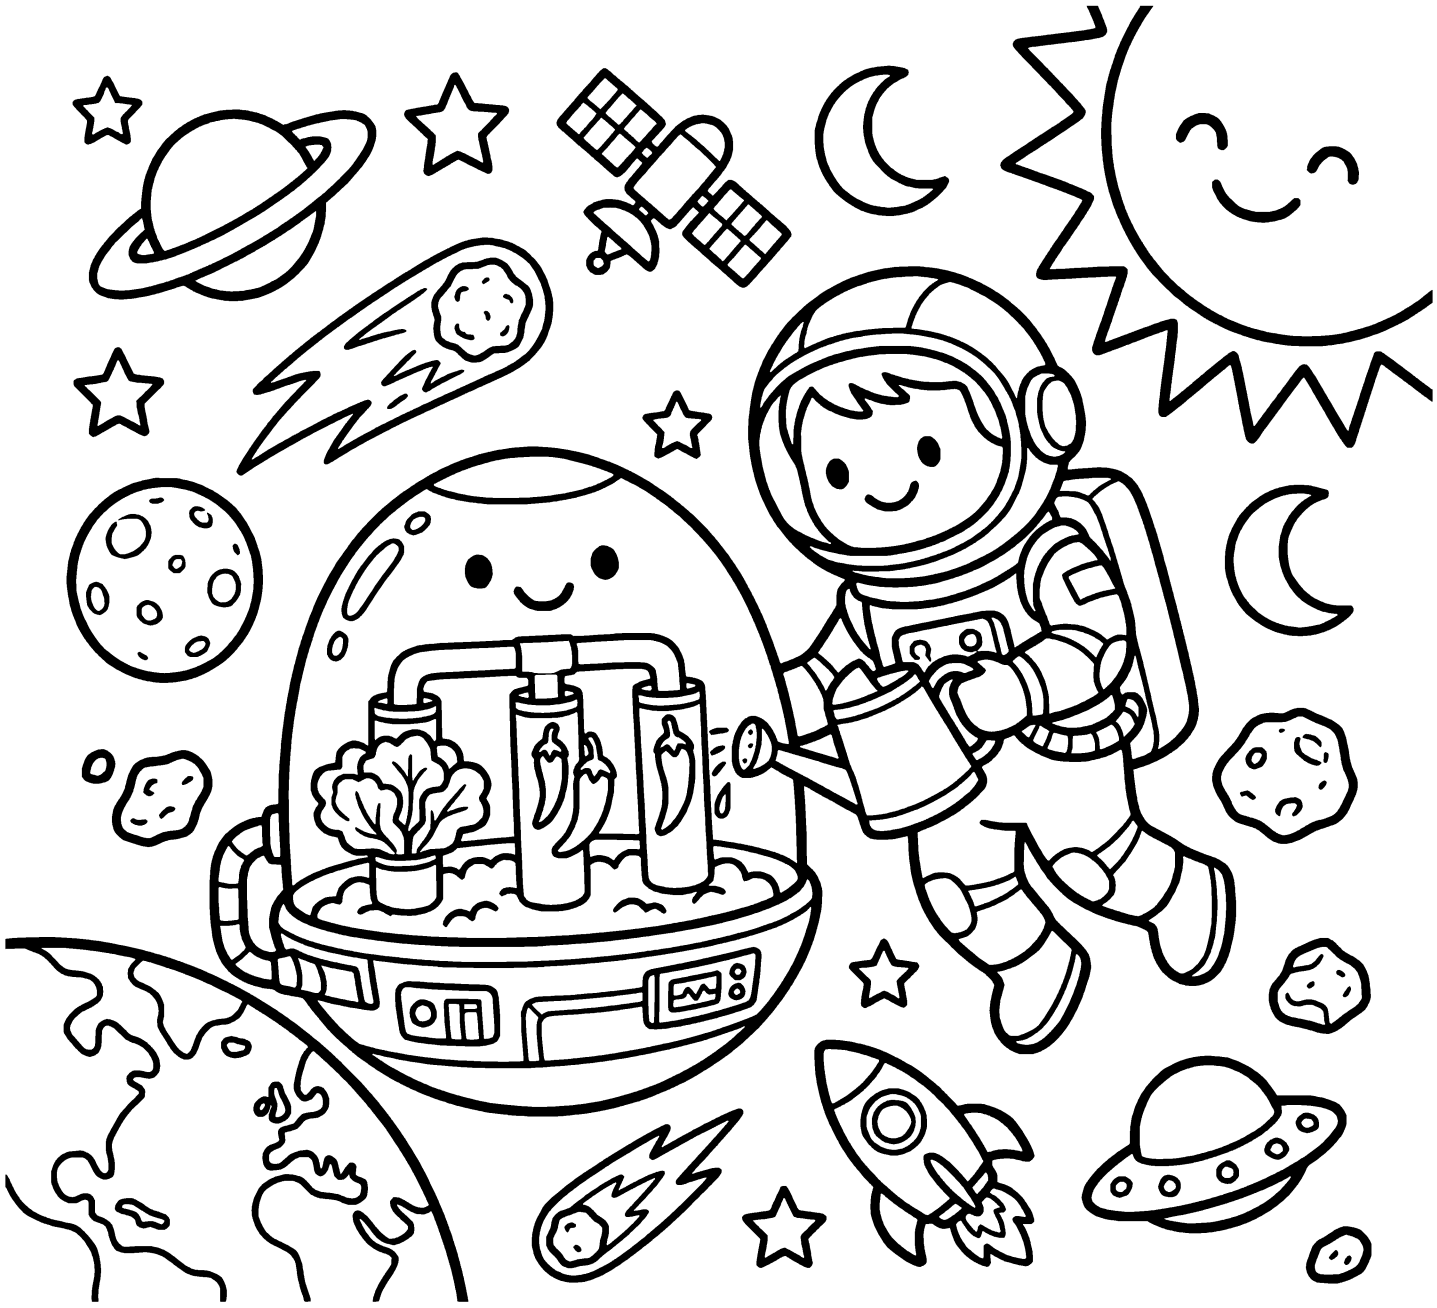

The dogs waved goodbye from their rocket window before launch!

The Sun is a star – the closest one to our home!

Sunlight takes 8 whole minutes to reach us!

Astronauts grow lettuce and chillies in space labs!

The first space flower ever bloomed was a zinnia!

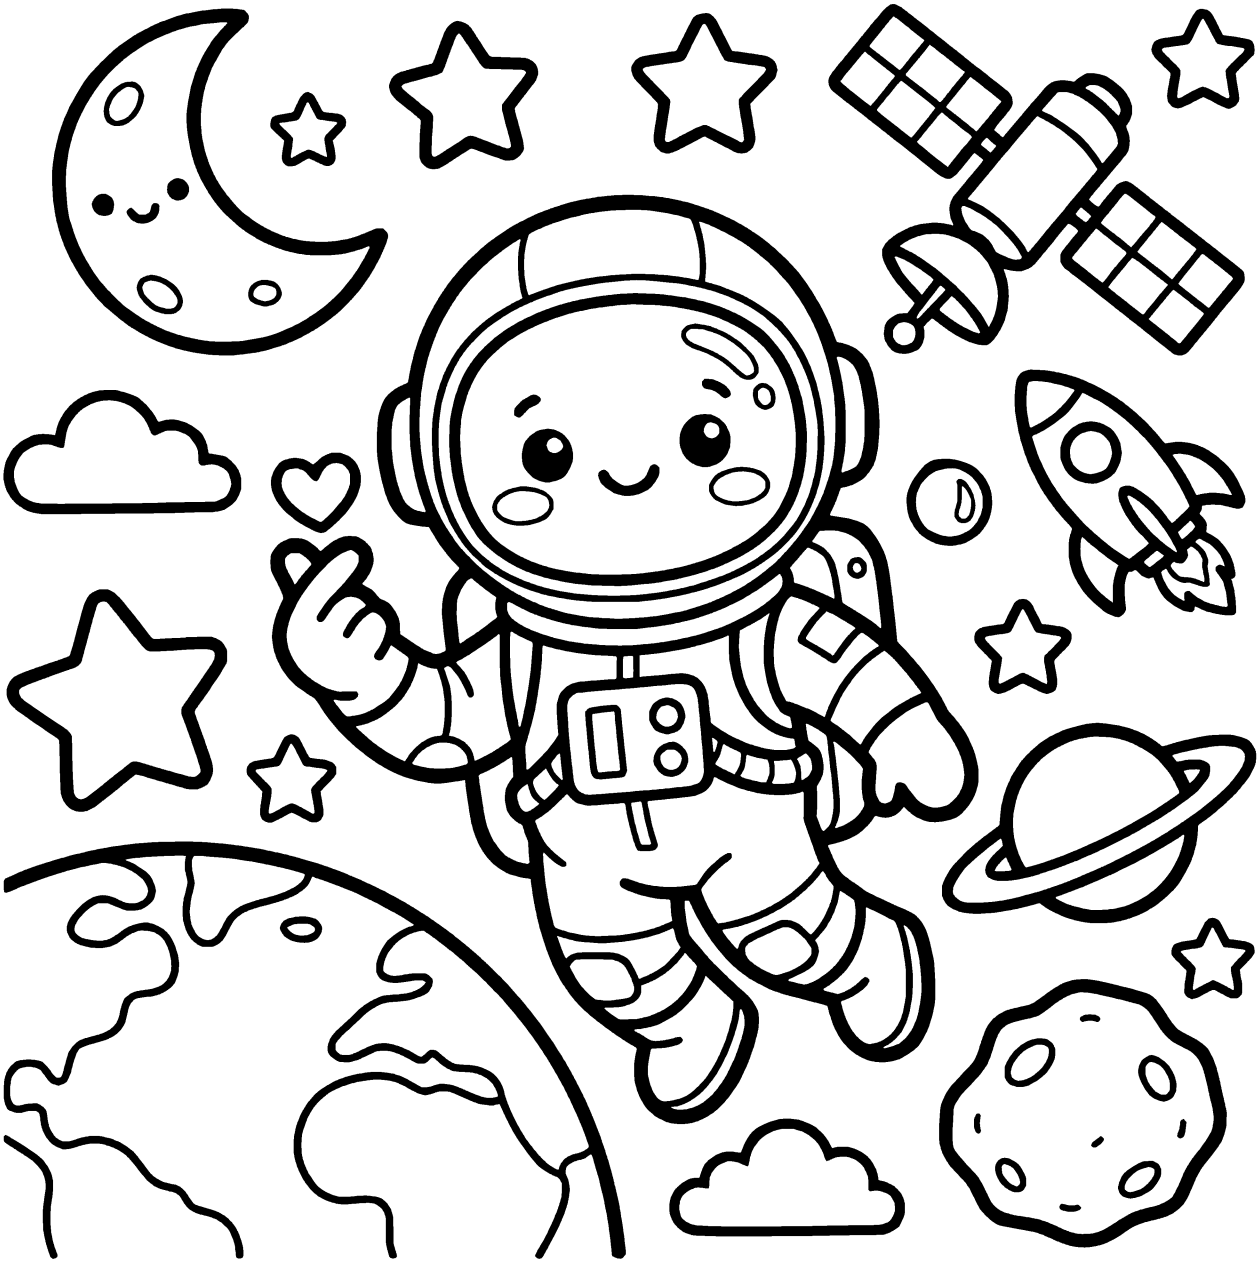

The giant star Betelgeuse is as big as 700 Suns!

Astronauts say space smells like burnt cookies!

Spilled drinks float in space like little balls!

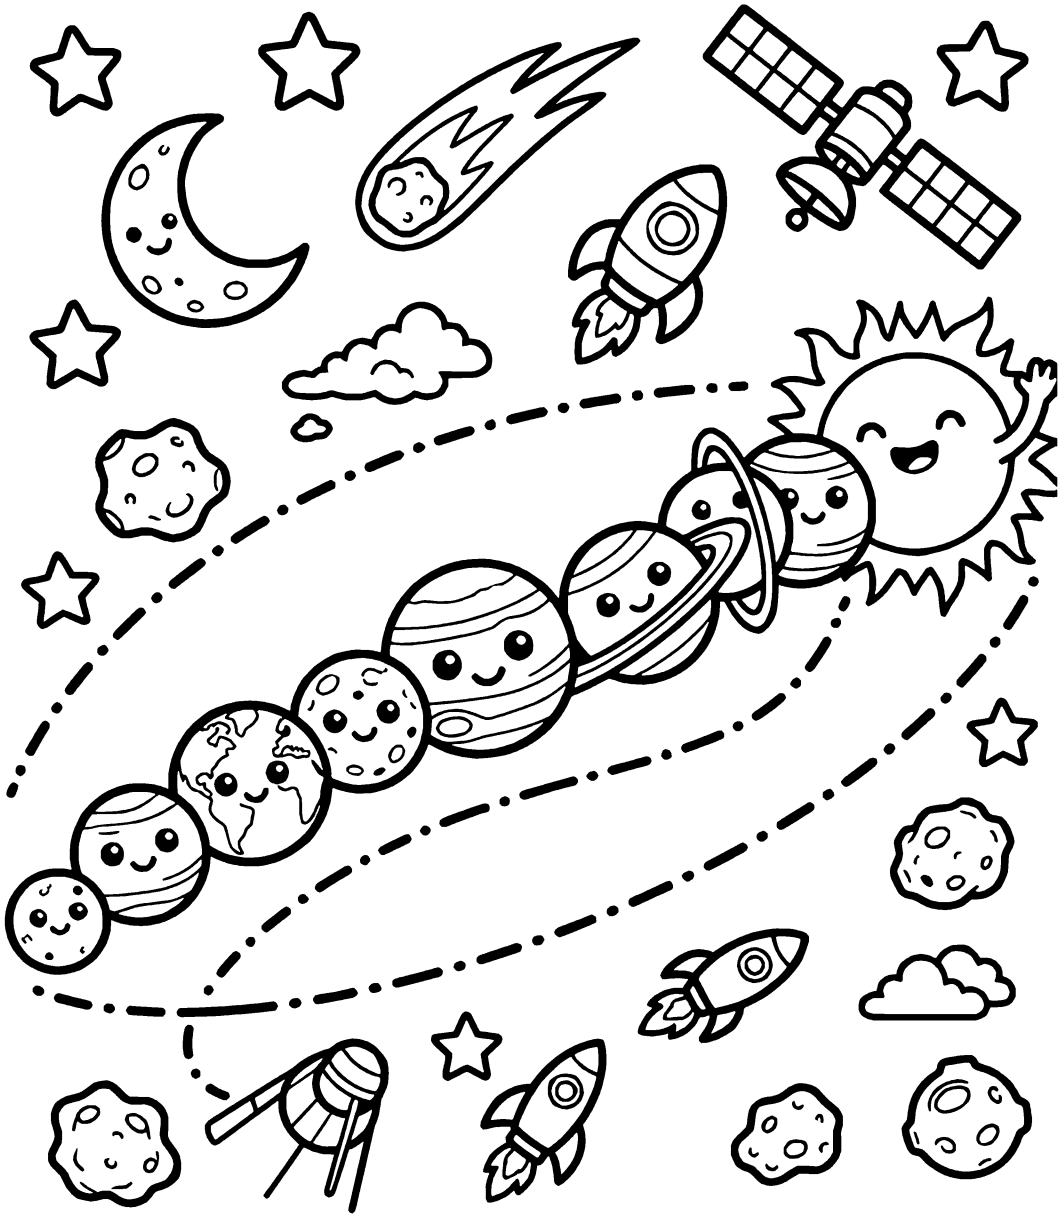

In space, tears don't fall — they float away!

Some planets have rain made of diamonds!

There is a planet where it rains glass sideways!

In 2022, all seven planets lined up in one night sky!

Space is completely silent – there is no air to carry sound!

MY SPACE WONDERS CHECKLIST

Tick each box as you finish colouring each space wonder!

- ☐ 1. Rocket Launch
- ☐ 2. Rocket Size
- ☐ 3. Astronaut Float
- ☐ 4. Astronaut Exercise
- ☐ 5. Space Food
- ☐ 6. Shiny Visor
- ☐ 7. Robot Arm
- ☐ 8. Robot Helper
- ☐ 9. Saturn Float
- ☐ 10. Saturn's Moons
- ☐ 11. Jupiter's Storm
- ☐ 12. Jupiter's Moons
- ☐ 13. Mars Day
- ☐ 14. Mars Mountain
- ☐ 15. Earth Home
- ☐ 16. Sixteen Sunrises
- ☐ 17. Moon Footprints
- ☐ 18. Moonquake
- ☐ 19. Station Orbit
- ☐ 20. Station Size
- ☐ 21. Satellite Job
- ☐ 22. Bus-Size Satellite
- ☐ 23. UFO Visitor
- ☐ 24. Alien Friend
- ☐ 25. Moon Car
- ☐ 26. Slow Moon Car
- ☐ 27. Rover Nap
- ☐ 28. First Rover
- ☐ 29. Comet Tails
- ☐ 30. Comet Direction
- ☐ 31. Shooting Star
- ☐ 32. Tiny Rock
- ☐ 33. Space Telescope
- ☐ 34. Mountain Telescope
- ☐ 35. Rock Samples
- ☐ 36. Fast Meteor
- ☐ 37. Space Dogs
- ☐ 38. Dog Crew Wave
- ☐ 39. Closest Star
- ☐ 40. Sunlight Trip
- ☐ 41. Space Garden
- ☐ 42. Space Flower
- ☐ 43. Giant Star
- ☐ 44. Space Smell
- ☐ 45. Floating Picnic
- ☐ 46. Floating Tears
- ☐ 47. Diamond Rain
- ☐ 48. Glass Rain
- ☐ 49. Planet Parade
- ☐ 50. Quiet Space
