Designed and printed for young artists everywhere.
Made with love in Australia.

THIS BOOK BELONGS TO:

ARTIST NAME

Get ready to colour 50 spooky Aussie friends!

TOP COLOURING TIPS!

1. Put a Blank Sheet Behind Your Page
   When using juicy markers, place a scrap sheet behind your drawing to keep the next page perfectly clean!

2. Start Light, Then Go Dark
   Colour lighter shades first, then layer darker tones on top for amazing depth and pop.

3. Mix Your Art Tools
   Try combining crayons, coloured pencils, and markers together on the same spooky friend for fun textures.

4. There Are No Mistakes In Art!
   Make your Halloween friends any colour you want. Purple koalas and rainbow pumpkins are awesome!

MY COLOUR TEST PALETTE

Test your pencils, markers, and crayons here before colouring your spooky friends!

MY ARTIST PLEDGE:

"I promise to have fun,
make this book my own,
and be proud of every
drawing I colour!"

_____

ARTIST SIGNATURE

Koalas sleep up to 20 hours a day. Even ghosts need naps!

A kangaroo's strong tail helps it balance, even while stirring potions!

Wombats are the only animals with cube-shaped poos!

Platypuses hunt underwater with their eyes closed!

Echidnas are one of only two mammals that lay eggs!

Cockatoos can copy the words you say, even "boo"!

Quokkas are called 'the world's happiest animals'. Even pumpkin carvers!

Tasmanian devils have the strongest bite for their size!

Kookaburras laugh at dawn, even on spooky mornings!

Emus can't walk backwards, not even as scarecrows!

Dingoes rarely bark. They howl at the moon!

Possums hang upside down by their tails!

Koalas and wombats are both marsupials: mums carry babies in pouches!

Bilbies have huge ears to hear insects underground!

Sugar gliders can glide as far as a cricket pitch!

Cassowaries wear a built-in helmet called a casque!

Frill-neck lizards run on two legs like tiny dinosaurs!

Blue-tongue lizards flash bright blue tongues to scare enemies!

Goannas can climb trees to escape danger!

Kangaroo mums carry joeys in pouches, even to pumpkin patches!

Gum trees can grow taller than a 10-storey building. Perfect ghost treehouses!

Black cats are considered good luck in Australia!

Halloween began as 'All Hallows' Eve'. That's over 1,000 years of ghosts!

The tallest hat ever worn was over 4 metres high!

Spider silk is stronger than steel of the same thickness!

Bats can eat 1,200 insects in one night. That's disco fuel!

Dingoes howl at the moon, but they hardly ever bark!

Kangaroo pouches face forward, perfect for carrying extra lollies!

Pumpkins are fruits. They grow from flowers!

Kookaburras are the world's biggest kingfishers, even witchy ones!

Dingoes arrived in Australia more than 4,000 years ago. That's mummy-old!

Fossils of giant prehistoric kangaroos have been found in caves!

Vampire bats really exist, but they only drink tiny sips!

Platypuses swim with their eyes shut. Their bills do the hunting!

Owls can't move their eyeballs, so they turn their whole heads!

Bats sleep hanging upside down, even on the moon!

Wombat teeth never stop growing. Chewing keeps them short!

A group of platypuses is called a paddle!

Even ghost bakers know: the biggest cupcake ever weighed as much as a fridge!

A witch's koala still needs 20 hours of sleep a day!

Wombats dig long tunnel homes called burrows!

A cauldron is a big cooking pot. Witches stir them in stories!

Echidna spikes are made of the same stuff as your fingernails!

Sugar gliders love sweet things. Nectar is nature's lolly!

A kangaroo can hop over 9 metres, faster than any ghost train!

Platypuses have no teeth as adults. They grind food with gravel!

Cockatoos can live over 70 years. That's older than your grandparents!

Australia grows blue-grey Jarrahdale pumpkins, perfect for wombat carvers!

A group of kangaroos is called a mob!

Happy Halloween from the Aussie Cuties!
